## CHINA TO GET ARMS FROM LEAGUE POWERS

### Hot Debate In League On Spain Nonintervention

Loyalist Delegate Slashing Attacks British-French Course

#### Lord Halifax And Bonnet Reply

GENEVA (CP-Havas) — Government Spain's demand for abandonment of nonintervention was rejected by the League of Nations Council tonight, four votes to two, with nine abstentions.

The vote was taken after the Spanish delegate, Julio Alvarez del Vayo, had delivered a slashing attack on Anglo-French adherence to the nonintervention policy. Great Britain and France immediately rebuffed him.

The British Foreign Secretary, Viscount Halifax, had announced that if the Spanish delegate resumed attacks on British policy, he would be obliged to reply.

Del Vayo took him at his word. "We must have a satisfactory answer," the Spanish delegate declared. "No one need be astonished if the Spanish people see something monstrous in the attitude of the two powers. Their attitude can only be explained by a desire to strangle Spain's fight for independence by placing the rope with which to do it in the hands of the invaders."

Lord Halifax said he had listened with surprise to the Spanish delegate. He declared the resolution was in flat contradiction to Great Britain's efforts to obtain withdrawal of volunteers from Spain.

#### HISTORY'S VERDICT

The British government, he added, was acting only in the highest interests of the Spanish people and of European peace. "I am persuaded," he concluded, "that this will be the verdict of history."

Georges Bonnet, French Foreign Minister, again assured the Spanish delegate of France's sympathies with government Spain. He added, however, France had no alternative but to be loyal to nonintervention.

Soviet Russia and Spain cast the only affirmative votes. Spain was granted a temporary council seat for consideration of this issue.

#### NEW SCHOOL

MISSION CITY, B.C. (CP) — Ratepayers in this Fraser Valley town have approved construction of a junior high school in the mission school district at a cost of \$50,000. The provincial government will provide \$20,000.

## ALBERNI FIRE DAMAGE \$20,000

Carter's General Store Swept By Flames; Fireman Hurt

ALBERNI—The upper story of the business block housing Carter's general store, was in ruins today following a midnight fire yesterday which did damage estimated at \$20,000, partly covered by insurance, and injured one fireman.

The fire threatened the whole business section of the town, but fortunately the adjoining buildings were soaked from the rains of the last few days. Port Alberni firemen were called in to help fight the flames. Several firemen narrowly escaped being trapped in smoke-filled rooms on the upper story where a number of mattresses were stored. It took nearly four hours to bring the blaze under control. Hugh Patterson, a fireman, went to hospital with hand injuries.

The entire town turned out in the middle of the night to witness the blaze and give what assistance was possible in fighting it. Ground floor of the block is used by the grocery, radio and hardware department, the second floor being largely occupied by furniture.

## Alberta Degree Given Beatty

EDMONTON (CP)—The definition of education he holds in highest regard is "the ancient and simple one that it is an attempt to make men and women better."

Rt. Hon. Winston Churchill, said Sir Edward Beatty, chairman and president of the Canadian Pacific Railway, in delivering the convocation address at the University of Alberta today.

The only non-student to be honored, Sir Edward received an honorary degree of doctor of laws. Chancellor of McGill University, Montreal, Sir Edward has received similar honors from Toronto, McGill, McMaster and Western Ontario universities.

Sir Edward devoted his address to an analysis of education and its development, particularly in the prairie provinces.

## POLES START LONG FLIGHT

Five Fliers Leave Los Angeles on First Leg of Trip to Warsaw

LOS ANGELES (AP)—Delayed more than two hours by an early morning fog, five Polish fliers took off in their American monoplane at 9.15 a.m., P.S.T., today on the first leg of a projected 16,500-mile flight to Warsaw.

Because of the unexpected delay in starting, the airmen changed their plans and made arrangements to stop first at Mazatlan, on the west coast of Mexico, before continuing to Mexico City. The next leg of the journey is scheduled as a non-stop flight to Panama City.

The long aerial trek will lead them down the west coast of South America through Peru and Chile, thence across the continent to Argentina and northward to Natal, Brazil.

From Brazil they hope to fly 1,800 miles across the South Atlantic to Dakar, French West Africa, and complete the remainder of the journey in easy stages.

Major Makowski has as companions Chief Pilot Zbigniew Wyskielecki, engineer Simon Piskorz, radioman Alfons Rzewczewski and Jerzy Krassowski.

## Ex-Mayor's Son Is Sent to Prison

OLYMPIA, Wash. (AP)—Merritt G. Mills, 34, son of a former Olympia mayor, pleaded guilty in Superior Court today to robbery charges and was sentenced to a maximum term of 20 years in the state prison. The state patrol board will fix the minimum term to be served.

The Thurston County Federal Savings and Loan Association was held up yesterday and \$345 taken.

#### PASSES FIRST CLASS

VANCOUVER (CP)—P. H. W. Leckie-Ewing of Victoria, a student in the fourth year of mining engineering at the University of British Columbia, received first class honors in spring examinations, the university said in an announcement today.

Previous examination results released by the university on Wednesday showed Leckie-Ewing had received second class honors.

## CHINA TO GET ARMS FROM LEAGUE POWERS

(Continued from Page 1)

It charged the Chinese, on the contrary, were guilty of extensive preparations for the use of poison gas and that Japanese troops had captured considerable gas equipment on the Shantung front. The Chinese, the bureau said, also poisoned wells and cisterns.

During the private session, Dr. Wellington Koo asked the League to organize a boycott of Japanese goods and to ban shipments of arms, raw materials and oil to Japan.

## BIBLE STUDENT FACES CHARGE

W. Peat, Princeton, B.C., Youth to Stand Trial; Father Tells of Attack

PRINCETON, B.C. (CP)—William Peat, 22-year-old Bible student, today was en route to Oakalla prison, near Vancouver, to await trial on a charge he attempted to murder his evangelist father, William Peat Sr., 45.

Peat was formally committed yesterday after a preliminary hearing, during which the father gave the court from his hospital cot a description of the alleged axe-and-hammer attack May 2, in which he suffered a fracture of the skull.

"It is against a father's heart to say so much against his son," the evangelist and plasterer testified after saying his son had picked up an axe and hammer and struck him as he crawled from beneath the family's stalled car on the roadway between here and Hedley, B.C.

Then, he said, William turned on his younger brother, Archie, and threw him into the Simikame River, swollen by early spring freshets. Archie managed to scramble from the water.

Peat will be tried at the spring assizes. His counsel, C. R. F. Pincott, applied for a reduction in charge from attempted murder to one of occasioning bodily harm, on grounds there was no evidence of malice aforethought, but the move was unsuccessful.

William Peat, the father, said his elder son previously had suffered three nervous breakdowns, but never before had he been violent.

Princeton police entered as evidence a statement they said had been made to them by the accused man after he had surrendered at the police station in nearby Keremeos, B.C.

Officers said that when Peat appeared at Keremeos, he told an amazing story about being kidnapped as a child, and held by false parents.

During the hearing both the father and mother testified there was "no doubt" they were the young man's parents.

## SPAIN NOT TO GET U.S. ARMS

Resolution to Lift Embargo Is Tabled by Senate Committee

WASHINGTON (AP)—The United States Senate foreign relations committee voted 17 to 1 today to table the Nye resolution, which would lift the embargo on United States shipment of arms to the Spanish government. It acted after Secretary of State Cordell Hull had opposed action at this time.

Chairman Pittman, Democrat, Nevada, of the foreign relations committee, said the committee's action meant action on the Nye resolution had been "postponed indefinitely." This usually is tantamount to killing a resolution.

Secretary Hull told the committee in a communication that "from the standpoint of the best interests of the United States in the circumstances which now prevail, I would not feel justified in recommending affirmative action on the resolution under consideration."

Reconsideration of the present neutrality legislation, Mr. Hull said, should be delayed until effects of the law could be viewed in their broader aspects "rather than to rewrite it piecemeal in relation to a particular situation."

"It is evident," Mr. Hull wrote the committee, "that there is not sufficient time to give study of such questions in the closing days of this Congress."

#### ALBERTA TEST

CALGARY (CP)—A court action challenging the validity of the Alberta Social Credit Act, cornerstone of the government's legislative program, will open in the Alberta Supreme Court here May 17, but the identity of the judge who will preside at the hearing remained unknown today.

## HENLEIN HAS LONDON TALKS

Czech Nazi Leader Sees Churchill and Sinclair and Will Meet Others

LONDON (CP)—Konrad Henlein, Czechoslovakian Nazi leader, had luncheon today with Rt. Hon. Winston Churchill and Sir Archibald Sinclair, leader of the Liberal Opposition in the House of Commons. They met in Mr. Churchill's London flat.

From Mr. Churchill, it was said, Henlein expected to get the views of that section of British opinion which fears Germany is determined to dominate all central and eastern Europe and sees an inevitable explosion if she follows that road.

It was understood Henlein would also see Sir Robert Vansittart, chief diplomatic adviser to the government.

#### MINORITY PROBLEM

Reliable sources said Henlein, who arrived in London unexpectedly last night, is here primarily to see influential persons and hear their views on the problem of the German minority in Czechoslovakia.

The British government has urged Henlein to modify his demands that the Czech government grant extensive concessions to his minority group. Under Anglo-French pressure President Eduard Beneš and Premier Milan Hodza now are busy working on legislation intended to meet the demands at least in part.

Extra police were on duty outside the hotel where Henlein spent an hour this morning talking earnestly over a breakfast table with some of his countrymen.

## BARCELONA IS BOMBED AGAIN

(Continued from Page 1)

bombs were not so large as those used in the fierce attacks which took hundreds of lives in March. An unfinished concrete building used as an air-attack refuge was struck. The explosion ripped the reinforced concrete, killing one and injuring others of the group that had sought safety there.

The raid was quickly over and even before signals ended the alarm, people resumed working, strolling or drinking in the cafes.

Defence officials said they expected further attacks soon.

Forty bombs were dropped yesterday, resulting in 48 deaths and injury to more than 100 persons.

#### KEY POINT TAKEN

HENDAYE, France — The insurgent fifth division today captured Fortanete, key point in the crescent-shaped front between Teruel and the Mediterranean on which the insurgents are driving southward toward Castellon de la Plana and Valencia.

Fortanete, approximately the halfway point on the 85-mile line from Teruel to the sea, fell to Navarrese troops commanded by General Sanchez, said insurgent dispatches, in a general offensive that has captured nearly 600 square miles in three days.

Gen. Jose Milaja's government militiamen retreated slowly into the hills, leaving a network of secondary roads from Teruel to the Mediterranean as a crescent-shaped insurgent front.

The new line of Franco's eastern offensive runs from Teruel along the highway northeast through Corbalan to Elpob, where it swings east across country to Alpeuz, and then follows mountain roads southeast through a half dozen villages to Alcala de Chivert.

## Ottawa Rites For Late Mrs. Herridge

OTTAWA (CP)—The body of Mrs. W. D. Herridge, wife of the former Canadian minister to the United States and sister of Rt. Hon. R. B. Bennett, Conservative leader, arrived in Ottawa early this afternoon. It was accompanied by Mr. Herridge.

Among those at the station for its arrival were Prime Minister King, Mr. Bennett, Sir Lyman Duff, Chief Justice of Canada, Hon. Ian Mackenzie, Minister of Defence; Senator Cairine Wilson and about 20 members of Parliament.

The body was taken to the Herridge home on Goulbourn Avenue. Tomorrow afternoon a funeral service will be conducted at Chalmers United Church and at night the body will be shipped to Vancouver for burial.

#### CHILD IS BURNED

VANCOUVER (CP)—Desire of nine-year-old Nancy Peebles to help her mother prepare breakfast nearly resulted in tragedy here today. The child's night dress caught fire on a small stove. The flames were extinguished, but not before Nancy had been severely burned on her hands and body. She was taken to a hospital.

## CHINA BATTLE NEAR RAILWAY

(Continued from Page 1)

#### WORD TO FOREIGNERS

Indicative of the Japanese confidence was the warning to foreigners in that sector.

Masayuki Tani, Japanese envoy to China, sent a letter to all foreign ambassadors and ministers urging that all foreign nationals be evacuated immediately from zones along the Lunghai, Tientsin-Pukow and Peiping-Hankow railways.

Scattered fighting was reported continuing on Amoy Island, off the south China coast, where Japanese marines were mopping up isolated Chinese units.

Scenes of "indescribable confusion" were reported from nearby Kulangsu Island, with tens of thousands of refugees from Amoy everywhere blocking the streets.

Foreign advisers said 5,000 refugees were being removed from Kulangsu Island to the mainland, but there still were fears that food and water might be inadequate for those who remained.

## Exchange Heard In Police Court

VANCOUVER (CP)—Charles Baldry was sentenced to six months' imprisonment on a charge of perjury today when he pleaded guilty before Magistrate H. S. Wood. He was given suspended sentence on a charge of obtaining relief money by false pretences, to which he also pleaded guilty.

The case was marked by an exchange between Magistrate Wood and Crown Counsel Reginald Eyre.

Mr. Eyre protested the sentence was too light. He said the evidence had been gathered over a period of three years, and during that time Baldry had been obtaining relief assistance to which he was not entitled.

"You have your remedy," said Magistrate Wood.

"Yes, I know we have the right to appeal," counsel replied.

"I don't like the attitude you assumed throughout this case," the magistrate countered.

"I will report to the Minister of Justice," said Mr. Eyre.

## France to Name Envoy to Italy

PARIS (AP)—Nomination of a French ambassador to Italy within the next few days was forecast today in diplomatic quarters as a consequence of the action of the League of Nations Council freeing members to acknowledge King Vittorio Emanuele as Emperor of Ethiopia. France has had no ambassador in Rome since late in 1936, when the last envoy, Count de Chambrun, resigned.

## Fire in Ship At San Francisco

SAN FRANCISCO (AP)—Fire of undetermined origin in a hold of the Dollar Liner President Polk was extinguished quickly today and work of loading the ship for the Orient continued.

The blaze, tentatively attributed to spontaneous combustion, caused damage to cotton and some canned goods in the hold but Dollar officials said it would be unnecessary to discharge more than a small amount of the cargo. They expected the ship would get away about midnight.

Six longshoremen were at work in the hold when the fire broke out but no one was injured. The ship itself was unharmed. Fire Chief Charles Brennan said. He thought the loss would approximate \$35,000.

Fewer cherry pits in cherry pie may be expected, since new government standards for canned fruits will allow standard quality cherries to contain no more than one pit to every 20 ounces, instead of one pit to 10 ounces as heretofore.

## New Planes At Winnipeg Today

WINNIPEG (CP)—Two Lockheed airplanes, new additions to the Trans-Canada Airlines, landed here today after a nonstop flight from Vancouver in little more than 5 hours.

The transport airplanes, piloted by Slim Lewis, technical adviser of T.C.A., and Lewis Leigh, were purchased at Burbank, Calif., and were the first two of 10 machines to be delivered here.

### DUNCAN

DUNCAN—Mayor Greig presided at the Duncan City Council meeting Wednesday evening. A letter was received from J. S. Taylor, M.P., giving information on the Dominion Housing Act. The council expressed a desire to meet the government representative on housing who is coming from Ottawa to investigate the situation in B.C. The tax by-law for 1938 was

finally passed. It was decided to purchase from the Cowichan Lumber Company two lots at the southeast corner of the city. The fire chief and firemen will be notified that the fire hall is not to be used by any other person or body, except the firemen themselves, it was decided.

It is reported that a new process for preventing the skin disease eczema does not leave the skin in a hypersensitive state.

## Settlements In Europe Predicted

Then Nations May End Arms Race, Says Official of Netherlands

By J. C. STARK  
Associated Press Foreign Staff  
THE HAGUE, the Netherlands—This little land of the chunking wooden shoes and creaking windmills sees straws in the wind for peace.

But if war does come, it wants to go right on tilling its tulip beds and building up the great dike system which keeps out the sea for much of the 196-by-108-mile kingdom.

Just as during the Great War, the Netherlands is determined to preserve its neutrality, or what "we prefer to call our policy of independence," a high official close to the Foreign Ministry put it today.

"We take sides with none of the opposing groups," this spokesman told the writer, who is on a tour of the tiny land of winding canals.

The official thought no country in Europe really wanted war, and that "the fact that war has been so near several times in recent years is proof the people generally want peace."

### FACT IS FACTOR

The Anglo-Italian agreement was seen as a favorable sign for peaceful settlement of European problems, and the official viewed also the British move at Geneva to settle the Ethiopian question as a realistic step, in accord with the Netherlands' own proposal several months ago to the Oslo convention states (economically linked Norway, Sweden, Finland, Belgium, the Netherlands, Denmark and Luxembourg).

"To continue to withhold recognition was only prolonging tension existing in Europe, and was making settlements more difficult," he said.

Czechoslovakia he believed to be the most imminent source of danger now. But he held strong hopes for peaceful settlement of the Czech Sudeten German clamor for more political liberties.

Emphasizing that he spoke unofficially on this point, the informant said there was a basis for considering the Austrian annexation, uniting German peoples, as a natural development. The same, he pointed out, might apply also to the German speaking minority in Czechoslovakia.

### GERMAN COLONIES

The colonial question might be solved by return to Germany of Togoland and the Cameroons, and establishment of some form of joint control over part of the French Congo, he believed.

Scanning the European scene generally, he said: "I do not believe settlement will come through a four-power pact, such as has been mentioned (Britain, France, Italy and Germany). Instead, I think there will be individual settlements of questions between various countries, such as the British-Italian agreement. Nations cannot go on arming as they are. The financial burden is too great. Disarmament should naturally follow a settlement."

## Move to Meet Propaganda

WASHINGTON (AP)—Senator D. Chavez, Democrat, New Mexico, and Senator W. G. McAdoo, Democrat, California, are urging establishment of a United States government radio station to "counteract" broadcasts of "propaganda" from Germany and Italy to Latin-America.

The two senators appeared before an interstate commerce subcommittee yesterday and asked approval of their bill to authorize the Secretary of the Navy to establish a short wave radio station near San Diego, Calif.

Mr. Chavez told the committee European countries were broadcasting to South America in Spanish and Portuguese a "tremendous amount of propaganda" that is undermining every effort of this administration to build friendly relations with western hemisphere countries.

## Urges Empire Farming Union

REGINA (CP)—Plea for organization as a unit of all agriculture in the British Empire and a warning to the Dominions against rushing blindly into agricultural expansion in the hope of Great Britain would absorb surplus production was voiced yesterday by Sir Reginald Dorman-Smith, British M.P., in an address to the Canadian Club here.

He intimated Great Britain herself, if she desired, could step up her agricultural production by 50 per cent and radically reduce imports necessary from the Dominions.

## SIDE GLANCES By George Clark

## Threshing Soon In Texas Fields

U.S. Railways Sending Record Number of Cars to Carry Grain

CHICAGO (AP)—The vast machinery that moves food from farm to consumer was being mobilized today to handle the second largest winter wheat crop ever produced in the United States.

With harvest of the first new wheat reported in the south and threshers scheduled to move into Texas fields within a week or 10 days, railroads were making plans to concentrate a record number of cars in the southwest to haul the grain to market.

Elevator interests and millers, likewise, were preparing for the influx of wheat that will give work to farmers, transportation agencies, handlers, processors and grain dealers throughout the producing belt. The flow of grain will move northward as the season progresses.

The car service division of the Association of American Railroads has issued orders for concentration of 40,000 to 50,000 box cars suitable for loading grain in the wheat belt.

This year's harvest is expected to have the biggest value at market of any crop since 1930, with the exception of last year's. At the current Chicago price of wheat deliverable in July the 754,000,000 bushel crop forecast in the latest official Department of Agriculture estimate would have a market value of \$800,000,000.

## Moose Jaw Gas Toll Is Three

MOOSE JAW, Sask. (CP)—Toll of death from asphyxiation in a sedimentation tank at the sewage disposal plant here stood at three today. William Munro, 60, died in a hospital late yesterday.

An inquest on the deaths of Henry Clarke, 46, and A. J. Warren, 42, was opened yesterday and adjourned after the jury had viewed the bodies.

George Paul, 65, was in a hospital and reported in fair condition.

All four men were married. Clarke was the father of three children.

## New Agriculture Head in Russia

MOSCOW (AP)—The removal of Robert Elkhé from the post of Commissar of Agriculture was reported in private circles here Thursday.

Elkhé was formerly boss of western Siberia.

Rumors of his removal and arrest have been heard since the eve of May Day, when his picture disappeared from street decorations, but official confirmation was lacking.

Other unconfirmed rumors involving government figures were regarded in some foreign circles as an indication of a revival of the purge of wreckers and enemies of the Soviet government.

Elkhé, 48, had been considered one of the rising younger men. He was one of the five alternate members of the Communist Party's powerful political bureau. Elkhé attempted to improve agricultural conditions, but spring sowings lagged behind last year's figures.

## Man Riding Rods Had Bankroll

HAYWARD, Cal. (AP)—The suit Albert Dunn, 72, wore might have been a little dusty, but Dunn quickly convinced officers at the freight yards here that he was not a vagrant.

He hauled out a billfold and showed \$950 in cash to Sheriff's Deputy R. E. Condon. While Condon still was recovering from his surprise, Dunn brought out a deposit book from a Chicago bank showing an account of \$6,459.

The deputy bundled the old man into a squad car and took him to the Santa Clara County line and told him to go to San Jose.

"I didn't like the looks of the other freight yard transients when they saw that roll," Condon explained. "We didn't want him victimized in Alameda County."

Dunn said he traveled because he met so many interesting people that way. The money, he explained, he earned during years of work in northern California mines and lumber camps.

## Paris Prepares For Royal Visit

Quai d'Orsay Apartments Redecorated For George VI and Elizabeth

PARIS (AP)—France will give King George VI and Queen Elizabeth a far different reception June 28 from the welcome Chancellor Hitler received this month in Rome, but it will at least recall the Italian festivities in splendor.

Traditions of monarchy and democracy have been maintained in the preparations for the royal visit and there will be no striking modern illuminations.

The sovereign's four-day stay will centre around the foreign ministry, on the Quai d'Orsay, facing the River Seine, where they will occupy the same apartments in which King George V and Queen Mary lived on their visit in 1914.

When Their Majesties leave July 1 by train and boat for London, France will have done everything to offer them a pleasant visit—and to impress on the world that France and Great Britain are better friends than ever.

A squad of 400 workers under the direction of the government's fine arts department is restoring the ivory and gold royal apartments of the grey stone structure I, the original Second Empire style.

The ceremonies of state observed for the visit of the King's father and mother in 1914 will be virtually the same.

## New Oil Plan In Mexico Studied

MEXICO CITY (AP)—President Lazaro Cardenas said Thursday he was disposed to pledge 60 per cent of Mexico's oil production for the next 10 years to indemnify the \$400,000,000 expropriated foreign petroleum industry.

### SPEECH POSTPONED

OTTAWA (CP)—Prime Minister King's speech on foreign relations, scheduled for next Monday, is expected to be postponed until Rt. Hon. R. B. Bennett returns to the Commons. The Conservative leader will be absent for several days owing to the death of his sister, Mrs. W. D. Herridge.

## Co-operation Of Press Is Asked

British Home Secretary Says  
Freedom Not Endangered  
By Secrets Act

LONDON (CP-Havas)—Sir Samuel Hoare declined Thursday to consider limiting application of the Official Secrets Act to cases where actual damage was done to national interests through publication of state secrets on military information. Several members of Parliament, representing all parties, urged the Home Secretary to take into consideration a recent resolution passed by the British Institute of Journalists after a newspaperman had been convicted under the act this year. Sir Samuel said it was possible

for the state's interests to be damaged through publication of many official secrets other than those of a purely defence nature.

He gave assurance, however, there was no danger of infringement on the freedom of the press, and said he was confident that "I can rely upon the co-operation of the press in discouraging attempts to obtain official secrets by improper means from police and other public servants."

He affirmed that authority to take action under the act would be given only "if the thing disclosed is itself of serious importance."

"I hope the statement I have just made will remove any fears on the part of the press that their legitimate liberties are endangered," he said.

## France Orders Big Battleship

PARIS (CP)—France has contracted for immediate construction of two new war vessels—a 35,000-ton battleship and a 16,000-ton aircraft carrier—under the new, speeded-up naval building program. The orders were announced yesterday by Navy Minister C. Campinchi.

### HEALTH STUDY

OTTAWA (CP)—The government yesterday informed T. L. Church, Conservative, Toronto-Broadview, it would consider advisability of appointing a select committee of the House of Commons next session on national public health matters.

Tsk, tsk, such sarcasm! You can't blame him, though, because bathing is not exactly fun in lukewarm water. ## Let Us Have the Facts

WHEN WILL THE PEOPLE OF CANADA be presented with a clear picture of what they have accepted as their railway problem? A committee of the Senate at Ottawa is trying to get out a set of facts which the average intelligent person might be able to understand. So far it has not made a great deal of progress. When Sir Edward Beatty appears before it early next week he may reveal some new "unification" or "amalgamation" information which will enlighten the taxpayers.

A few years ago, speaking as President of the Canadian Pacific Railway Company, Sir Edward Beatty intimated that if the two transportation systems could be brought under one management it would be possible ultimately to effect economies to the extent of \$75,000,000 annually. The Duff Commission's report put the potential yearly saving at \$30,000,000 under some plan of unification. The Senate committee has been told this week by Mr. S. W. Fairweather, chief of the Canadian National Railways bureau of economics, that maximum economies possible through co-operation between the C.P.R. and C.N.R. would not exceed \$10,000,000 per annum. From another source—a veteran well-informed Ottawa newspaper correspondent—comes the suggestion, which has been going the rounds in the last few weeks, that \$2,000,000 is regarded as the more reliable saving estimate. And that figure has now dropped to \$1,134,857.

In spite of all the figures that have been given at various times—some obviously guessed at and some apparently carefully worked out on the basis of practical knowledge—Sir Edward Beatty and that section of the press which has stood by its conversion to the gospel of "amalgamation" or "unification" have yielded no ground. The original saving that the C.P.R.'s president determined could be effected was \$75,000,000. He sticks to that amount. It is still the "text" from which all the journalistic propagandists are preaching.

The opinion of the average Canadian will agree with that of the Conservative Ottawa Journal, which, in view of the appearance before the Senate committee next week of the President of the Canadian Pacific Railway Company, plainly points out what the public expects when it says: "What is wanted is to have somebody, preferably Sir Edward Beatty or one of his officers, tell the country what this unification plan is. We should be told what it was that was submitted to the Duff Royal Commission. Whether what is proposed now is what was proposed then. Whether the lines that are marked for abandonment now are the lines that were marked for abandonment then. Where and how savings could reasonably be expected. What the savings would mean to railway labor. How net earnings would be divided between the two lines. And so on to the end."

Anything less than what the Journal suggests, of course, will be useless. Merely to ask the country to hand over the transportation future of this Dominion to a few people, this largely on the say-so of persons many of whom, judging them by their statements, know little of what the railway problem is about, or of what it should be about, would be plain madness.

## The Wrong Seed

NOT VERY LONG AGO IN CERTAIN quarters in Canada and in the neighboring republic a little uneasiness was manifest at the speed Nazi propaganda in South America appeared to be taking effect. Neither the Canadian nor the United States governments, of course, was unduly alarmed about the probabilities of the circumstances. Canadian investors in Brazil, perhaps, had begun to regard the administration there as one rather too much like a Hitler model to inspire unreserved confidence. And it was nevertheless apparent that other South American nations were showing signs of becoming somewhat indifferent to the fundamentals of democracy.

Since the first obvious appearance of this state of suspicion, however, conditions have changed considerably. Brazil's government turns out to be fairly stoutly anti-Hitler. Short-wave radio propaganda from Berlin is failing to have its expected effect. Different governments are cracking down on the minority groups. German-language schools have been closed and foreign political agitation has been curbed, even though large German and Italian language groups do remain devoted to the cause of the "leaders" in their homelands.

South America, in other words, is not proving a very fertile field for the planting of Nazi seeds. When the dust finally settles things will probably differ very little from what they were before the surface conditions were disturbed by the spread of totalitarianism. This continent's democracy will still be imperfect, of course, but it will not be perverted by the importation of some Continental European ideology.

We cannot blink the fact that the world as a whole is confronted with a staggering crop of problems demanding solution. They are more perplexing in the Old World because of propinquity, racial conflict, and apparently enduring international hatred—because the wreckage, under many heads, left by the Great War is still an ugly remem-

brancer. This is the tragic combination, moreover, which presses inexorably on the ordinary people—which drives them to seek bizarre and violent solutions, which creates an atmosphere in which reason and the spirit of friendly co-operation are crippled. And this whole Nazi-Fascist business, apparently, can grow only under such conditions. It is not what its leaders boast and its enemies fear—a new world-movement that must inevitably grow and spread. Transplant it and it withers. It will not take root in Canada, in the United States, or in any of the South American republics unless the great majority of the people lose their grip on their hard-won freedom and the benefits definitely associated with all the term democracy implies.

## Mrs. Herridge

VICTORIA SHARES WITH THE REST of Canada in the sense of shock at the passing in New York of Mrs. W. D. Herridge, few here having realized the critical nature of her illness, or contemplated her demise at such an early age. On her several visits to this city, Mrs. Herridge won a host of friends by her great personal charm, her outstanding gifts as a speaker, and as a most entertaining conversationalist on a wide range of subjects.

For many years prior to her marriage, she was a gracious hostess for and close companion of her distinguished brother, Rt. Hon. R. B. Bennett. Both in Ottawa, during his term as Prime Minister, and in Washington, during her husband's regime at the Canadian legation, Mrs. Herridge's many delightful qualities endeared her to a wide circle of intimate acquaintances and to all with whom she came in contact in official circles.

The Times joins in the widespread expressions of sympathy which will be extended to her husband and small son, as well as to her brother, in their irreparable loss.

## Ask the Boys

REFORM SCHOOLS ANXIOUS TO BE IN truth the instruments for moral repair which their name implies might do well to take a hint from the poll of opinion made in the reform schools of New Jersey. The results disclose enough about the juvenile delinquent's cast of mind to serve as a realistic base for attacking the "bad boys" problem.

New Jersey found, among other things, that the majority of its reform school boys considered policemen their worst oppressors, with judges the closest contenders for that unenviable title. The poll found, also, that only one out of approximately 700 boys held his home environment responsible for his lawlessness.

This suggests a lot about the "bad boys" attitude toward the world he lives in, and a little about his ignorance of it. The conception of judges and policemen as enemies is an old story come to light again, and one, perhaps, among others, that needs changing.

## Settlement Overdue

REPORTS MADE TO THE SAANICH Council yesterday by its medical health officer suggest the municipality is not to blame for pollution of the Gorge waters to an extent that has made them unsafe for bathing. The Saanich official—since the city placed the responsibility on his municipality—throws the blame back on the city. While Victoria and Saanich argue, summer is on its way and a swimming hole which generations of Victorians have used is banned as a danger to health.

Familiarity has bred no contempt for the Gorge among Victoria and Saanich youngsters and adults alike. In the summer they flock to it in hundreds. It is a beauty spot and an aquatic paradise that any city in the world might envy. To have such an attraction within walking distance and yet closed to use is a condition that should not be allowed to exist. If there are prospects of a prolonged argument as to who is to blame for the pollution of these waters, the blame should be clearly established by a third party and a condition corrected which is causing the place to be shunned.

## Notes

Your friends are those whose incomes are about like yours. You don't get a chance to mix with anybody else.

Business men don't really retire. They just quit dealing with business men and begin dealing with slick fellows who know easy ways to make money.

## SULTAN OF MUSCAT

The Sultan of Muscat spent a busy day on Monday. He was at Windsor Castle in the morning and at Westminster Abbey in the afternoon, and went on to see the Great Hall at Westminster and both Houses of Parliament.

The Dean of Westminster and Canon Barry, who received the Sultan and his attendants at the west cloister entrance, conducted him on the tour arranged for all distinguished guests, the one taken by Queen Mary and the little Princesses a few days ago, taking him first to the grave of the Unknown Warrior and then showing him where the King had been crowned.

Scores of visitors watched with great interest as part of the curtain covering the gilded screen behind the High Altar was drawn aside and the party passed through the gateway to the shrine of the Confessor and the royal tomb.

The Sultan made little comment during a tour in which English people indeed are rather bewildered with the centuries, but he seemed most impressed by King Henry VII's chapel, with its glory of banners. Finally he was taken to Poets' Corner, not to look at Shakespeare's monument but to marvel at the longevity of "Old Parr," who died at the age of 152.

By BRUCE HUTCHISON

### GEORGE'S BOAT

AT THIS TIME OF THE year a friend of mine named George always builds a boat. He builds a bigger one every spring. The boat he is building this year is so big he can hardly find any yard large enough for it along the entire waterfront of Vancouver.

Every spring he decides to sail further away, and whereas he was once satisfied with a boat that would take him to Nanaimo, he wants one now that will sail without trouble around the Cape of Good Hope and up the Thames. So George's boat has grown from a tiny launch up to a great cruiser, and he tells me that the engine he has picked out for his current craft would cost him \$1,700; and at this rate he will end up with a dreadnought. I suppose he is feeling the influence of the world rearmament boom.

It takes him all his spare time, every spring, to build his boat. He hardly has time for golf and he reads far into the night, gorging on nautical textbooks and works on plans and designs. This year's boat is the biggest of all, and a magnificent craft. I could almost see it as George took me around the boat yards and pointed to the beautiful lines of his boat, the powerful timbers and splendid finish. I couldn't quite see it because George has never started to build his boat yet. He gets over it by June. But it is a fine thing for a man, boat building, and sailing around the Cape of Good Hope. It carries him through the restless period of spring.

### DANGEROUS CREW

MR. HEYWOOD BROWN, who is one of the most brilliant daily writers on the present scene and a noted labor leader in his own right, has written in the New Republic on his own business. He has written about the communists of America, and he finds that the big communists, people like Westbrook Pegler and Dorothy Thompson and General Hugh Johnson, are the real rulers of the United States.

Mr. Brown says they wield far more power than the politicians. Who ever heard, for instance, of the senator from Virginia or the congressman from southern Oregon? But everybody reads the communists, and the old power of the editorial, Mr. Brown says, has been transferred to these irresponsible commentators. They make American ideas and then the poor politicians just carry them out.

Mr. Brown considers it a rather dangerous arrangement, even though he is one of the chief dangers and ornaments of the system. He thinks it might be a good idea to hand the government back from the communists to Congress and the people. Because, after all, that is their job, whereas the columnist, after setting some dangerous idea loose in the world to wreak untold havoc, can walk off and forget about it. Which he does. Whereas the politician has to take the consequences of anything he says.

That is why the words of columnists are always so much more interesting and wiser than the words of politicians; not because the politicians are less intelligent, but because they aren't cut loose and tell the truth. They wouldn't be re-elected if they did. The columnist doesn't need to get elected, and the lynching rate is surprisingly low, considering everything.

Mr. Brown is inclined to blame the present chaos of American thought on the communists who think too far ahead of the public and merely stir it up. I hardly think he is right about that. The present state of America is bad enough, but not due to the communists. If they really dominated America they could do much worse than this. And probably will before they have finished.

### VOTERS

THE BRITISH COLUMBIA government is opposed to Doukhobors voting, as suggested by the federal government. Any sensible person would be, in the present state of the Doukhobors' mental development; though some of their sons and daughters may well be as intelligent as the average Canadian voter. That of course would not be difficult, and the larger question raised by this row over Doukhobors is how many non-Doukhobors should be allowed to vote.

Now that the Canadian Parliament is overhauling the Elections Act it might well recognize the fact that many of the Canadian voters are no more entitled by their intelligence to vote than Doukhobors, Indians or lunatics. Meanwhile we ought to be more careful about the franchise. We stop the Doukhobors voting, but there are enough morons voting to swing any election. To make the wrong decision every time. If you will look back over history you will find that we have often made the wrong decision, that the public very often is cock-eyed and that the majority often is the least intelligent part of the population.

When I look about and see who is allowed to vote on matters of high policy, on economic questions, on war and peace, I am appalled. When I think that you and I are allowed to vote, I realize what a frail thing democracy is. But if only intelligent people were allowed to vote we might get intelligent parliaments and governments. (The miracle is that even now we get far more intelligent ones than we deserve.)

I do not mean that rich people should vote and the poor shouldn't. On the contrary, often the poor man is far more entitled to vote, a far better citizen than the rich man. Most of the rich young men I know, many of the young professional men, are the most stupid citizens in the country. My friend George Pudbury is a far more intelligent voter than half the members of the best clubs. Why, I dare say half the voters of this town don't know the names of the federal cabinet and couldn't tell you the names of the Prime Ministers since Confederation. You might try this test on yourself, and also ask yourself exactly how the Bank of Canada functions in making money; and then ask yourself whether you or the Doukhobors should be allowed to vote.

## Times Reporter on Voyage of Discovery

By PETER STURBERG

No. 6

Quebec's notorious Padlock Law is not news, but it is still in effect.

Probably the most serious of this law's violation of civil liberties was the search of the premises of the New York Times' correspondent in Montreal.

The newspaperman was away at Ottawa at the time. When he returned he found the rooms of his apartment upside-down, drawers pulled out, papers strewn all over the floor. He called in the police, but a check-up of the apartment revealed there was nothing missing except two cigars.

The correspondent, however, pressed for further investigation, but the detective was too busy. The officer suggested he drop the case as there had been nothing stolen.

In writing of the incident, the newspaperman compared Union Nationale Quebec with National Socialist Germany. The reason for the raid, according to him, was that he had written articles attacking the Padlock Law.

Even the grimmest moments in man's history have their humorous sides. One inoffensive little French Canadian whose home had been raided, not once, but many times, now wears a small padlock to button his coat.

Another victim phoned a friend of his one morning.

"They have taken everything this time—everything except my picture. I feel affronted they did not take my picture," he said.

The Padlock Law has been used against Leftists and even Liberals, but has not touched the Fascists. These swagger around with more arrogance than ever.

One black shirt with his shirt covered by an ordinary suit coat recently entered the office of an insurance company. As a prospective customer he asked for the balance sheet of the company. When this was given to him he continued asking questions of the cashier. Finally the cashier turned him over to an actuary who invited him into his office.

As soon as the door had closed the shirted-one in dramatic style declared that he was a Fascist and that he was going to write a book attacking insurance companies and banks.

There were to be three other chapters on each type of financial institution.

### The "Tipping" Toll

Minneapolis Tribune

A demonstration of what a sizeable institution the tipping habit has become is often cited in the case of Abraham Ellis, New York City's "Hat Check King." Mr. Ellis has made a fortune through control of the hat-check concessions in the nation's largest city. He was able recently to pay \$750,000 for the old Manhattan opera house, and \$250,000 of that amount was in cash—cash from the nickels, dimes and quarters with which New Yorkers daily ransom their belongings from the checkroom girl.

### FISHING DATES

Kitchener Record

Many a true sportsman shares the feeling of Tom Barnes, past president of the Ontario Federation of Anglers, who is concerned about the fate of the bass due to the regulation which permits maskinonge fishing as early as June 20 this year while the bass season doesn't open until July 1.

Since bass and "Junge" inhabit the same waters and both are attracted by similar bait, Mr. Barnes fears that many a bass will be badly hooked during that interval of 10 days and will have to be tossed back in compliance with the law.

### Parallel Thoughts

For we cannot but speak the things which we have seen and heard.—Acts 4:20.

Truth is not only violated by falsehood; it may be equally outraged by silence.—Amien.

### Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "Tomorrow is Friday."  
2. What is the correct pronunciation of "episode"?  
3. Which one of these words is misspelled? Primitive, affirmative, restorative.  
4. What does the word "re-eliminate" mean?  
5. What is a word beginning with co that means "plentiful"?

### Answers

1. "Tomorrow will be Friday" is preferable. 2. Pronounce episode, e as in set, i as in it, stressed, o as in so, accent first syllable. 3. Primitive. 4. To charge back fault or crime upon an accuser. "It is not my business to recriminate, hoping sufficiently to clear myself in this matter."—Stillingfleet. 5. Copious.

## Parish Guilds

**Welcome Dean**  
Very Rev. Spencer Hayward Elliott Welcomed at Large Gathering in Memorial Hall

In replying to a hearty welcome extended him last evening by the Christ Church Cathedral Men's Parish Guild and members representing other parish guilds of Victoria, Dean Spencer Hayward Elliott said: "There will be lots of time ahead when you and I can open our hearts together and so get alongside each other—brothers, friends together."

Approximately 130 persons were present in the Memorial Hall to greet the new Dean. Chairman for the evening was H. H. Smith.

Dean Elliott said that he was overcome with the sincere and genuine friendship shown him and his family.

**SIMILAR EXPERIENCE**  
"When dealing with the problems of life, the clergyman and the layman have similar experiences and are on the same level, but in our respective jobs, things will run much smoother if we have respect for each other's occupations," the speaker said.

"The layman who lets the person know immediately after the services how to do things right with regard to the church, shows that he does not take part in the work of the church and should do more work at that sort of thing. A brotherly friendship would eliminate this. The clergy should know their job."

Dean Elliott said that actual experiences of human emotion were the same for any man.

"Not only through the pulpit, but through a note of sympathy and a willingness to pool our own experiences between ourselves will we get the message," he said.

"There is hardly a man who hasn't some difficulty. There are very few people who haven't had some kind of trouble at some time. Therefore, the relationship between each other should be somewhat sympathetic."

"In addition," Dean Elliott said, "I do believe that to get something solid, something manly, we should turn to the Holy Scriptures."

It would be worthwhile to study the historical background of the Bible. A comfort in the message would result.

Prior to Dean Elliott's response, Mark Parfitt led the gathering in community singing with W. S. Emmerton at the piano.

# WESTINGHOUSE

For sheer luxury, the big new 1938 Westinghouse Refrigerator which you see above is the outstanding buy of the season. Extremely economical, it has more than 5 1/2 cubic feet of chilly storage space, freezes 76 ice cubes at a time and gives you more than 11 square feet of shelf area. . . look how much food you can put in the door racks alone! The smart little casseroles inside are for butter and cheese, salads and left-overs, the two roomy sliding crispans at the bottom for fruits and vegetables. Separate, covered storage for meats, an important new feature, is provided by the "meat keeper" you will notice just beneath the freezer compartment. See this marvelous new Westinghouse at our Douglas Street Showrooms. \$5 down installs it in your kitchen immediately and it more than pays for itself in savings. (Your old refrigerator will serve as a down payment.)

MODELS FROM \$176.50

Smart, crisp salads like this are one good reason why more than 40,000 Canadian families bought electric refrigerators last year.

## Councillors Seek School Board Seats

**E. C. Warren and L. H. Pass-  
more Will Run in Saanich  
By-election**

Councillors Edward C. Warren, Ward Two, and Leslie H. Passmore, Ward Seven, last night jointly announced they would contest the by-election next week-end to fill the vacancies on the Saanich School Board created by the resignations of two trustees over the dismissal recently of the board's secretary.

In announcing their candidatures Councillors Warren and Passmore received the unanimous endorsement of the Saanich Council for their nominations, and members of the council agreed to personally lend every support towards their election.

### RUNNING MATES

The councillors agreed to become running mates in the election after the council had passed a resolution in which it recommended that two members of the council should run in the by-election in the best interests of the ratepayers of the municipality.

The council's resolution followed the appearance of a delegation from the Saanich Board of Trade which urged upon the council the need for some representation on the school board. Members of the delegation were: W. O. Wallace, William Kersey and J. E. Sladen, all of whom beseeched the council to send two candidates into the field.

After the council had passed the resolution Councillors Warren and Passmore volunteered their services and their act was received with cheers of "hear, hear," from their colleagues.

"This is a serious proposition on the school board," said Councillor Warren in speaking to the resolution. "We have two members on that board who have little or no experience in school board work. . . . The teachers are coming forward shortly with a salary schedule, and there are other matters of importance in regard to the spending of public money which are to be considered. While I do not want the job and would like to steer clear of it, if no one else will take it, then I am willing to do my bit for Saanich. I would like to see Councillor Passmore as my running mate."

### WANTS COUNCIL REPRESENTED

Reeve William Crouch spoke to the council in support of the request which the delegation made, and said he would like to see the council represented on the board. Councillor John Oliver, Ward Five, thought Councillor Warren was the logical man since his ward was not now represented on the board, although it was one of the most thickly populated areas in the municipality.

Mr. Sladen, in presenting the delegation's request, described the present situation in school board affairs as "very serious," and requiring immediate attention in the interests of both ratepayers and parents.

He likened the situation to a ship of education that had thrown its pilot overboard, the captain had thrown up his hands, the first officer had retired and the third officer was in the cabin with two junior officers having difficulty navigating without the pilot and senior officers.

"This is a serious business for ratepayers and parents, and we hope no one will be railroaded onto the ship in this election," Mr. Sladen said.

The people of Saanich would feel relieved if two or three members of the council would come

forward and run, and sit at least until the end of the year. Parents were perturbed, and did not know what to do, he added.

### SPENDS \$80,000

Mr. Wallace said the delegation had been sent by a well attended meeting of the Board of Trade, at which the school situation had been thoroughly discussed. The meeting had felt there should be a representative of the council on the school board, and it had been suggested the reeve should be an ex-officio member, he said.

Otherwise the meeting had favored two members of the council running in the by-election. The board was an important body spending \$80,000 a year of public funds, and some measure of control should be exercised by the council on this expenditure, he said.

Mr. Kersey supported the other's remarks, and felt it would be an opportunity for securing public opinion on the holding of dual positions.

## OAK BAY FIRE INSURANCE CUT

**House Premiums Cut 11 Per  
Cent, Stores 15 to 30  
Per Cent**

Oak Bay residents will shortly receive the benefit of a decrease of 11 per cent in the fire insurance rates on their homes, as the result of the installation by the municipality of its own fire department.

Tradesmen will benefit to an extent varying between 15 and 30 per cent, depending on the type of risk presented by their places of business.

These figures were announced at a meeting of the municipal council yesterday afternoon after receipt of a letter from the British Columbia Fire Underwriters' Association. They apply to board companies. It is understood the non-board companies are making proportionate reductions. At least one company is now advertising the same rates in Oak Bay as in the City of Victoria.

The board companies have started sending rebate cheques to householders on the unexpired portions of their policies. The municipality yesterday received such a cheque for the amount of 65 cents on one of the smallest of the several fire insurance policies which it holds. Further more substantial returns are expected within the next few weeks.

"All this has been done without any increase in the mill rate," commented Reeve R. R. Taylor.

"So ratepayers are getting better fire protection and actually paying less for it."

## SUCCESSFUL IN PHYSICS TESTS

Owing to a typographical error in the list of results of Victoria College examinations published Wednesday, the names of students successful in the Physics 1 course was inadvertently included in those passing their Psychology 1 tests.

The list should have read:

### PHYSICS 1

Second class (alphabetically)—Adamson, Duncan, Fisher, Mann, Monckton and Silversides.

Passed (alphabetically)—Allan, Bate, Forbes, Gay Jones, Meiss, Prescott, Quayle and Turley.

## U.B.C. ALUMNI HOLD DINNER

Dr. and Mrs. H. E. Young were guests of honor at the dinner of the Victoria branch of the University of British Columbia Alumni Association in the Hudson's Bay Company dining-room last night. The meeting was one of several held by branches throughout the province.

Toasts were proposed and short talks given by Mrs. I. Douglas, D. J. Stevenson, H. S. Hurn, Miss E. Lovitt, Dr. K. Lamb, H. Dee, Mrs. R. Napier and N. Perry. The toasts were interspersed with solos by Mrs. Allan Peebles and Fraser Lister, with Mrs. G. A. McCurdy as accompanist.

At the conclusion of the club program, members listened to a radio broadcast of the address of Colonel H. T. Logan, speaking at the U.B.C. Alumni dinner in Vancouver.

## Three Months On Pair of Charges

On charges of stealing eight sacks of potatoes and possessing stolen money, Sing Chong, Chinese, was sentenced to three months' imprisonment by Magistrate Henry Hall in the Saanich Police Court yesterday. After being convicted on a charge of retaining possession of 60 cents stolen from the Lake Hill Community Centre, Sing entered a plea of guilty to the theft charge through his counsel, Frank Higgins, K.C. He was sentenced to three

months on each count, to run concurrently. These terms will concur with a similar sentence imposed in the City Court on a second charge of possessing stolen goods.

## P. B. Regan Of Ladysmith Dies

LADYSMITH, B.C. (CP)—Patrick Bernard Regan, who drove a mail stage between Hazelton and Telkwa before the days of the railroad, died at his home here Thursday. He was 61. Born in Pakenham, Ont., he came to British Columbia 33 years ago. After several years in the northern interior driving mail stages, he moved to Vancouver Island and took up residence at Ladysmith. He operated a blacksmith shop here. Surviving are the widow and a daughter here. The funeral will be held Sunday.

## COLWOOD

The monthly meeting of the women's auxiliary to St. John's Church was held Wednesday afternoon in Colwood Hall. Mrs. G. A. Harris presented a report from a joint meeting of the church committee and the auxiliary at which plans were discussed for the silver anniversary of St. John's Church on June 24.

Monthly meeting of the Colwood Women's Institute will be held Monday evening at 7:30. A silver tea and home cooking sale will be held May 18 in Colwood Hall under the auspices of Colwood Women's Institute. Mrs. P. Leckie Palmer will show moving pictures of the Coronation and local views.

Prominent Canadians to Give Five-minute Broadcasts Starting Sunday

The second of seven five-minute broadcasts over networks of the Canadian Broadcasting Corporation in appeal for funds for the Red Cross will take place Sunday evening, from 8 to 8.05, with Dr. George W. Kerby, president of the Mount Royal College, speaking from Calgary.

Similar broadcasts scheduled for next week are as follows: Monday, Lieut. Governor Murray MacLaren of New Brunswick, from St. John over the national network at 2.30 in the afternoon; Tuesday evening, Lieut. Col. Henri Desrosiers, from Montreal to the French network at 6.

Wednesday, Bishop E. H. Knowles, from Regina to the western network at 8 in the evening; Thursday evening, Lieut. Col. John Tait, president, British Columbia division, from Vancouver to Pacific network at 10; Friday afternoon, Victor Sifton, president Manitoba division, from Winnipeg to the national network at 4.

## Oak Bay Council Briefs

The City of Victoria's suit to recover \$4,978.82 from Oak Bay for January to March water rates was passed over at yesterday afternoon's meeting of the municipal council without comment. A copy of the writ and a statement of claim from the city were referred to the water committee for consideration. Legal advice on the matter from Lawson and Davis, municipal solicitors, was considered in committee of the whole before the regular meeting, but its gist was not disclosed.

The council received and said it would give consideration to an invitation from the organizers of the Victoria Day sports and race meeting for members of the council to take part in a 50-yard sack race for mayors, Reeves, councillors and aldermen. The council did not pick a sack-race team, although Councillor J. V. Johnson, who was not present at the meeting, came near to being deputized to uphold the honor of the municipality. Also listed on the program was a rolling-pin throwing contest for the wives of the mayors, Reeves, councillors and aldermen. One councillor asked if the mayors, Reeves, councillors and aldermen were to be used for targets.

Installation of two street lights on Yale Street at a cost of \$48 was approved by the council. The lights will be attached to trees and will be wired into the house lightning system, with a special meter.

E. W. Paitson, a resident of the Uplands, was appointed by the council to fill the seat on the municipal zoning appeal board vacated by the resignation of T. J. Goodlake, who is to leave shortly for Europe.

Residents of the portion of Thompson Avenue west of Cadboro Bay Road will shortly have to change the addresses on their notepaper. Because of confusion in the numbering of houses on the two sections of the street the council decided a new name was needed for the one block and residents will be canvassed for ideas. At present the high numbers come at the Cadboro Bay end of both sections of the street, one of which runs east and west and the other southeast and northwest. In numbering the diagonal part has been treated as a north-south street.

A grant of \$100 toward the celebration of Victoria Day, July 1 and Navy Week holidays was voted by the council to the city of Victoria's celebration committee. Another \$50 has already been earmarked for the July 1 holiday.

Construction of a surface drain in the 1000 block of Beach Drive, for a distance of some 500 feet north of Babbacombe Road, was approved by the council. The work to be undertaken shortly will cost \$125.

A by-law regulating the installation of gas ranges and heaters in the municipality, with a license system along the same lines, as that applying to oil burners, will be introduced shortly. The council reached this decision after Thomas Watt, foreman of works, had complained that some dealers were using second-hand pipe and fittings in installing cheap ranges in the municipality, with considerable danger of fire or asphyxiation to the householders.

One Texas doctor has provided himself with a trailer hospital, and he is using it at the rate of once a day at homes in rural Texas for obstetrical cases alone.

## Bridge Tea At Nurses' Home

Florence Nightingale I.O.D.E. Hostesses There Yesterday

In commemoration of the birthday yesterday of Florence Nightingale the members of the Florence Nightingale Chapter, I.O.D.E., entertained at a bridge tea in the Nurses' Home of the Royal Jubilee Hospital. Contract and auction was played, 25 tables being in progress. The recreation room and other reception rooms were beautifully decorated with flowers in red and white, the colors of the hospital.

Receiving the guests were Mrs. James Baker, the regent, and Mrs. F. W. Baylis. The tea table was covered with a lace cloth and centred with a Moorecroft vase of red tulips, narcissi and maidenhair fern, and was presided over by Mrs. Kylie C. Symons. Among the special tea guests were Miss Lena Mitchell, superintendent of nursing; Miss Nellie Jones, clinic nurse; Miss C. Hillier, supervisor of the T.B. pavilion; Mrs. William Ellis, Mrs. R. Shanks, Mrs. A. D. Whittier, Mrs. G. P. Clarke and Mrs. F. E. Dowdall.

First prize at contract bridge was won by Mrs. I. Mann and second by Mrs. F. MacKenzie, while at auction, first prize was won by Mrs. Warder and second by Mrs. Thomas McDonald. Mrs. J. W. Cashmore won the prize given for the tea guests.

Mrs. J. Clark, assisted by Mrs. F. B. Gibbs, Miss Phyllis Baylis, Miss Muriel Lethaby, Miss Margery Cloke, Miss Sheila McAllister, Miss Berta Robertson, Mrs. Moulson Smith and Mrs. Kitchen, convened the tea arrangements.

Mrs. F. W. Baylis and Mrs. E. Eve convened the bridge. The sum of \$56.50 was realized from the tea, and will go to the chapter's fund, which is chiefly devoted towards its work in the T.B. pavilion of the hospital.

## Canadians At Royal Court

Queen Receives Several Hundreds In Gold Lane Gown

LONDON (CP-Cable)—On the anniversary of the Coronation, 19 Canadian women last night courted to Their Majesties in the second royal court of the season.

The King, wearing the dress uniform of Colonel-in-Chief of the Coldstream Guards, and the Queen received their guests in the ballroom of Buckingham Palace. Several hundred British and Dominion women were present.

The Queen was gown in gold lame, brocade with a floral design and embroidered with clusters of diamonds and gold sequins. Her train was of gorgeous Indian embroidery. Besides her orders, Her Majesty wore diamond and ruby tiara, necklace and bracelets.

The Duke and Duchess of Gloucester, with the Princess Royal and her husband, the Earl of Harewood, attended.

The private duty section of the Victoria Graduate Nurses' Association will resume their regular monthly meetings Thursday, May 19, in the Jubilee Nurses' Home. A round table discussion of resolutions presented at the provincial meeting will commence promptly at 8. A successor to Miss Hardy, chairman of section, will be nominated. All graduate nurses engaged in private practice are urged to attend this meeting.

The W.A. Britannia Branch No. 7, Canadian Legion B.E.S.L., held a successful card party in the clubrooms, Thursday evening. Court whist was played, prizewinners being Mrs. A. E. Sweeney, Mr. L. Impy, Mrs. C. Boise and Mrs. H. Parker, after which refreshments were served under the convenship of Mrs. L. Quintance.

## Y.W.C.A. Girls At Closing Banquet

Dr. Henrietta Anderson Speaks On The Abundant Life

Concluding a most successful winter program, the Girls' Work Council of the Y.W.C.A. entertained a number of guests at the annual spring banquet last night at the institution.

Miss Elsie Peters, president of the council, acted as chairman for the banquet. Miss Violet Mylrea was the toastmistress, proposing the toast to the King. The toast to the guests was proposed by Miss Dorothy York, responded to by Miss W. Alward; to the World Wide Y.W.C.A., Miss Frances Wood, with Miss Kirkwood replying, and to the Victoria Y.W.C.A. by Miss Alvina Brewster, to which Mrs. Roy Angus replied.

### ABUNDANT LIFE

Dr. Henrietta Anderson was the guest speaker, choosing as her topic "The Abundant Life." The more varied one's experiences the fuller one's life, and as the essentials for the abundant life, she named a healthy body, a wide, alert mind and an appreciation for the finer things.

Dr. Anderson emphasized the fact that education was a continuous process even after leaving school, and told the girls that their relationships and associations, their readings and their activities in general were all powerful factors in determining the kind of women they would become.

Club songs were sung by way of introduction of the senior and junior Hi-Y departments. Miss Brenda Kent presented the juniors' report and Miss Margaret Chinn the review of the seniors' activities. Miss Elsie Peters gave an interesting resume of the council's work. Miss Ida Pearce gave an entertaining dramatic reading and Miss Gwen Gibbs, president of the senior Hi-Y group, contributed a piano solo.

Nine tables were entered in the decorated tables contest, which was won by the Live-Yers group, their table being artistically arranged in a blue and white color scheme in which blue iris and narcissi were used effectively. The Y-Owenca group won the attendance prize, 19 out of their 21 members attending the banquet. The prize was the seniors' creed, printed and framed. Miss Verna de Macedo, president of the junior Hi-Yers, sang a solo.

### KELLINGTON-ROGERS

Rev. James Hood officiated at a quiet ceremony at his home last evening, uniting in marriage Sylvia Maud, third daughter of Mr. and Mrs. J. T. Rogers, 1507 Monterey Avenue, and Mr. Thomas Martin Kellington, eldest son of the late Mr. and Mrs. Kellington, Yates Street.

The bride, given in marriage by her brother, Mr. A. Rogers, wore a graceful frock of white chiffon with a bolero and a scalloped shoulder-length veil of net arranged beneath a coronet of orange blossoms. She carried a bouquet of lilies-of-the-valley, sweetheart roses and sweet peas. Miss Helen Rogers was her sister's bridesmaid in a pretty frock of pale green taffeta and a pale yellow picture hat. The matron of honor was her sister-in-law, Mrs. A. Rogers, in a gown of navy blue and gold with panels of net over taffeta and a picture hat. They both carried bouquets of sweet peas and carnations.

A reception was held after the ceremony at the home of the bride's parents, where masses of lilac and tulips were used in decoration. The supper table was centred with the wedding cake and lighted by tall tapers. Mrs. Knight and Mrs. M. Lumley assisted with the refreshments, and Mr. W. E. Farmer proposed the toast to the bride.

Mrs. Rogers received in a brown silk crepe dress with matching accessories and a corsage bouquet of sweet peas and carnations.

Mr. and Mrs. Kellington left at midnight for Vancouver, en route to the bridegroom's former home at Salmon Arm, and will return to Victoria to live.

The Tuckatchee Club of the First Baptist Church held their monthly meeting at the home of Miss Muriel Sprinkling, 53 Boyd Street. The president, Miss Jane Hall, presided over the business session. It was decided to hold a novelty tea in June. Miss Sylvia Smith led the brief devotional period. The guest speaker for the evening was Mrs. O. M. Brown. During the evening Miss May Ayris rendered a vocal solo. The meeting was brought to a close with the serving of refreshments by the social committee.

## Pupils Mark Mother's Day

Mother's Day was observed at St. Ann's Academy yesterday, when the children of grades 5 to 8, who make up the Guardian Angel Sodality, entertained their mothers with an attractive program, the auditorium being filled.

The address of welcome was given by Rita Clarkson, followed by a recitation, "Woman," by Cecilia Webb. Joan Danes played a piano solo; grade 6 sang a group song, "We Folk," and a recitation, "Mother's Day," was given by M. Cavin, D. O'Connell, M. Bourke and T. Webb.

A pageant of "Mother Love" formed the chief part of the program, each of the nine tableaux being accompanied by a recitation or a song.

The tableaux were as follows: "Reminiscence," Sheila Hall and Rita Hall, with the recitation, "Mother," by Geraldine Seymour; "The Bride," Teresa Leahy, with a recitation, "The Baby," by Dulcinea Fecteau; "Cradle Days," Doris Wakeham, accompanied by a lullaby sung by pupils of grade 7 and a recitation, "Mother's Hymn," by Miriam Lineham; "Ex Ore Infantium," Betty Mills and Teresa Rivers, accompanied by a vocal solo, "Break O' Day," by Elaine Basanta; "School Days," John Danes and Barbara Gurney; "First Communion Morn," Maureen Callan and Ellen Leahy, with the vocal accompaniment, "This is the Day of All Most Dear," by "Miriam," by pupils of grade 6; "Graduation Day," by Doris Wakeham, Jean Witcomb and Jean Dobbie, with vocal accompaniment by Winnie Gagnon and Leith Littler. "Highways and Byways" was the tableau by Joan Turner.

### SOFT FINGERS FOR SILK HOSE

"In my job," one of the busiest sales ladies at the silk stocking counter said, "smooth, attractive hands are absolutely essential. I found that out before I'd been here an hour. I used to think my hands were quite nice—until I started displaying these sheer silk hose. Then I discovered that tiny rough spots that I hadn't paid much attention to were snagging threads of expensive stockings. I simply had to find some way of smoothing them out, and I found the way when I discovered Hinds Honey and Almond Cream. It's different—rich and creamy—and what a difference it made! Hinds is different. It contains the sunshine vitamin D and soothing ingredients that quickly make hands soft, smooth and lovely. You can see, when you pour out a few creamy drops, how much richer Hinds is. You can purchase Hinds Honey and Almond Cream at any toilet goods counter. Attractively packaged. Convenient sizes. Economical to use. Buy a bottle today. Make your hands lovely too. (Adv.)

The "Hymn to the Guardian Angel" brought the formal part of the program to a close, after which tea was served in the seniors' recreation room. The room and tea table were arranged with flowers in the school colors, blue and gold.

The May meeting of the First United W.M.S. will be held Monday at 2.45 in the school hall. The program will be in charge of Mrs. W. G. Wilson. All ladies of the congregation are cordially invited to attend.

## STOMACH PAIN

If you have gnawing stomach pains between meals, your case is something like that of Mr. A. B., of Scarborough. For ten years he suffered from these nagging stomach pains between meals. During all this time he had tried dozens of treatments and remedies. Finally he took Maclean Brand Stomach Powder. "From the first dose I felt like a new man," he writes. "Every time these pains come on I take a dose or two of Maclean Brand and in a minute or two they have vanished."

When you get those pains in your stomach, or gas, dyspepsia or heartburn put you in great discomfort, your trouble is in an acid condition. Maclean Brand Stomach Powder, which is used in leading British hospitals, counteracts this condition. It relieves the pain and soothes inflamed tissues. Get a bottle either powder or tablet—at drugstore. You'll be sure to look for the signature, "Ally. C. Maclean," on bottle and carton. None other is genuine Maclean Brand Stomach Powder. 110

### Royal Baby Christened At Hague

Netherlands Princess  
Cried All Way  
Through Ceremony

THE HAGUE (AP)—Baby Princess Beatrix Wilhelmina Amalia, who some day may be Queen of the Netherlands, cried vigorously throughout her christening yesterday before a brilliant assemblage in the great Church of The Hague.

She began almost as soon as she was brought in by a lady-in-waiting at the opening of the baptismal ritual and she was still crying loudly as she was carried out 10 minutes later in the arms of her mother, Princess Juliana.

Efforts of both Juliana and her father, Prince Bernhard, to quiet her were unavailing. The infant was brought to the church with her parents in a shining, golden coach at the head of a procession witnessed by many thousands.

Massed along the route from the royal palace to the church and leaning from windows, the throngs cheered and waved flags for the two princesses—mother and child. It was the first royal christening since Juliana's, 29 years ago.

Rev. W. L. Welter, retired court chaplain of the Dutch Reformed Church who officiated at the wedding of Juliana and Bernhard, baptized their child. Beatrix was born January 31.

DULWICH, Eng.—Miss Edith Simmonds is broadcasting her experiences in keeping the tollgate at College Road of which she is still keeper after 40 years

### Twin Is Bride-elect

With the announcement by Mr. and Mrs. Henry Grant Meem of the marriage next June of their daughter, Ann Carroll Meem, to Edward Beale McLean Jr., 19-year-old son of Mrs. Evelyn Walsh MacLean, two of the oldest families in Washington, D.C., will be united. Miss Meem, seventh generation of her family to be presented to United States society, is half of Washington's most socially prominent pair of debutante twins, having come out last fall with her sister, Eleanor.

### SOCIETY

Mr. and Mrs. Fred Black of San Mateo, Cal., accompanied by Mrs. Black Sr., arrived today from the south to spend a few days here as the guests of Mr. and Mrs. A. M. Watson, Newport Avenue, Oak Bay.

Mr. and Mrs. Wm. Robbins have arrived from Winnipeg to spend the summer, during which Mr. Robbins will teach at the summer school. While here they are the guests of Mrs. Robbins's mother, Mrs. Duncan Ross, St. Charles Street.

Mr. and Mrs. D. S. Michell, Clifford Street, who went over to Vancouver for the graduation of their son, Mr. John Sutherland Michell, who was among this year's graduates from the University of British Columbia, returned this afternoon to their home here.

A birthday party was held at the home of Mrs. H. Shallard, 570 David Street, Wednesday afternoon, in honor of her nephew, Harry Shallard Jr., aged 9 years. The table was prettily decorated with orange, red wall-flowers and lilac, centred with a large birthday cake. Miss Elsie

Mills assisted Mrs. H. Shallard in serving the little guests. After supper games were played. Those present were: Freddie Carroll, Patsy Carroll, Gordon Carroll, Freddie Brown, Jack Chester, Roy Chester, Richard Leuassua, Billie Shallard, Horace Shallard, Pete Holding and Harry Shallard Jr. During the evening Gordon Carroll sang "It's a Sin to Tell a Lie," and other songs, and Patsy Carroll gave tap dances.

At her home on King's Road, Mrs. A. K. Munro entertained at the tea hour yesterday afternoon in honor of Mrs. J. C. Wilson, who returned recently from visiting in Jamaica for the winter months. White narcissi, pink tulips and lilies of the valley formed the floral decorations in the drawing-room with bronze tulips in the hall. The tea table, centred with a large bowl of purple lilac and lighted with peach-colored candles, was presided over by Mrs. R. Davey, Mrs. J. MacAllan and Mrs. H. A. Munn. The guests included Mrs. J. C. Wilson, Mrs. Atwell King, Mrs. A. J. Garesche, Mrs. G. C. Pinhorn, Mrs. R. W. Paton, Mrs. Geo. Jay, Mrs. H. A. Munn, Mrs. Max Leiser, Mrs. Darius Hodder, Mrs. Merrick Hall, Mrs. R. H. Lyons, Mrs. Birnie Hall, Mrs. A. C. Lovekin, Mrs. Stephen Burnett and Mrs. H. A. MacLean.

#### Modern Etiquette

By ROBERTA LEE

1. You are signing a hotel register for yourself—should you write "Mr."?
2. You are signing it for yourself and your wife—should you write John Jones and wife?
3. Do you seat your wife in a hotel dining-room or leave that to the headwaiter?
4. Your wife is going on a trip—should you buy her ticket and look up train schedules for her?
5. Should you try to talk to the woman across the aisle from you on the train?

What would you do if—  
You are on a motor trip and reach the city where you are to spend the night—  
(a) Drive up to the door of the hotel and let the doorman take your luggage?  
(b) Park near the hotel and carry your luggage?  
(c) Put your car up, and send a bellboy for your luggage?

#### Answers

1. No. Simply "John Jones, Chicago, Ill."
2. No. "Mr. and Mrs. John Jones."
3. It's more thoughtful for you to seat her.
4. Yes.
5. Better get two other persons to play bridge and ask her to make a fourth.

Best "What Would You Do?" solution—It is the doorman's job to take it.

#### Minister and His Children Drown

ZAGGEB, Yugoslavia (AP)—Bogdan Pavlu Czechoslovak minister plenipotentiary on an official visit to Yugoslavia, was drowned Thursday when a motor car in which he and his family were traveling plunged off a road into the river Save. His two children also lost their lives, but his wife was rescued.

#### DEATH WAS ACCIDENT

NORTH VANCOUVER (CP)—A verdict of accidental death was returned by a coroner's jury here Wednesday on the body of William Fournier, killed in a fall at Capilano Canyon last Sunday. Fournier was a former resident of Saskatoon.

### News of Clubwomen

Court Maple Leaf, No. 9202, A.O.F. met in the A.O.F. Hall, Sister Florence Cartwright in the chair. Four new members were initiated. After the meeting a social card game was held and refreshments served. A rummage sale will be held tomorrow at 512 Fort Street.

The South Saanich Women's Institute has arranged a silver tea at the home of Mrs. J. C. Nott, Burbridge Road, who has kindly loaned her home for Wednesday afternoon, May 18. A programme has been arranged and a miscellaneous stall will prove interesting.

Royal Oak Women's Institute met Thursday afternoon in the Community Hall, with the president, Miss K. Oldfield, in the chair. One new member was welcomed and a number of visitors from Strawberry Vale W. I. Aims and objects of an institute were read by Mrs. K. Brown. Miss Eva Phillips presented the financial report and report of the recent flower and bulb show. Miss Oldfield thanked all who had helped in its success, also members who helped with floral display, which won second prize in its class at the Victoria Spring Flower Show. A donation of \$5 towards radio has been forwarded to Prospect Lake School from school committee, who would greatly appreciate a donation of a gramophone for Royal Oak School. Reports were heard by Mrs. K. Mead-Robins for the sick visiting and welcome committee and Mrs. H. Thompson, agriculture committee. Mrs. A. P. Hobbs, convener of arts and crafts, introduced by Mrs. L. who gave an interesting address on "Home Economics in New Zealand," and was presented with a corsage bouquet by the home economic convener. Tea was served by the publicity committee.

### Gretna Greens Increase Divorce

States Trying To  
Put Stop To  
Hasty Marriages

The "Gretna Greens" of the United States are being quickly closed up by state laws, as it is realized that these marriage mills are rackets and that they too often lead to the divorce courts. Explaining how they work and how public opinion is putting them out of business, William F. McDermott writes in McCall's for June:

"Why do you want a divorce?" a Chicago judge recently asked a pretty young bride of six months. "Well, we were out on a party, had a few drinks, and someone dared us to get married. We made a flying trip to Gretna Point. But he's brutal, gets drunk, and we're through."

"Forty per cent of the Gretna Green romances end up just like yours. Decrees granted," said the judge.

#### MARRIAGE "MILLS"

"Another divorce court judge of the same city stated that one-third of all his cases were 'marriage mill' products. Four Crown Point weddings blew up in his court in one day.

The high mortality rate among the usual impulsive, runaway, I-dare-you, drunken and surreptitious excursions to marrying parlors and justices is one reason why the Gretna Greens of America are rapidly vanishing. Another is the exposure of their racketeering methods.

passed restrictive marriage laws, making 27 states where it is impossible for marriage mills to operate. Several more states are expected to pass similar legislation this year.

#### BARB TO HASTE

"Most effective is the requirement of notice of intent to wed, which necessitates waiting several days between application for and granting of a license. Fourteen states, from Maine to Idaho, specify a five-day interval. Ten states make the period shorter, usually three days.

"Another bar to hasty marriage is the growing movement to make a physical examination and a

physician's certificate of good health part of the requirements for a license. Connecticut, Illinois, Michigan, New Hampshire, Wisconsin and Oregon have passed laws requiring both prospective brides and grooms to pass such tests. A number of other states require the man to be examined."

British bulldogs were famous even in Roman days.

### Full of LIVELINESS yet always GOOD TEMPERED

because he is fed on SPRATT'S

Unsuitable food causes unreliable temper—a fact that is as true with dogs as it is with their owners. Give your dog SPRATT'S; he will always be "full-o'-beans", yet happily free of the ill-temper and snappiness that you so often get in a dog whose digestion is continually overloaded with table scraps. The canine stomach needs concentrated food such as SPRATT'S provide—crisp, crunchy, "hard-tack" diet, certain to keep doggy teeth and digestion in tip-top trim.

# Dauber Still Race Choice

## Sports Mirror

By PETE SALLAWAY

PROFESSIONAL tennis is selling at a 50 per cent discount this year, but still is returning profit enough to make the income of a family man interesting to the tax collector. Ellsworth Vines, leading peddler of net goods, who is winding up his 1938 sales campaign with his partner, Frederick J. Perry, is the authority for that statement.

"According to the last check-up, covering 67 matches, we had grossed \$140,000," said Vines the other day before heading for the middle states to conclude his tour. "That's about half of what we did a year ago on the same amount of competition. I've won 38 to Fred's 31, and we have 14 to go, which ought to raise the total to \$150,000. That's pretty good for the second time around the circuit."

"Jack Harris of the Wilson Sporting Goods Company in Chicago did a swell job of promotion. Don Budge works for that outfit, too, you know, and we plan to have Harris handle our tour next year if Budge turns pro. The meat-packing Wilsons out there probably will put up the dough."

"Don umpired our matches around Chicago, and I had a long talk with him about signing up but he stuck to his decision not to commit himself till after the Davis Cup challenge round. I have no idea whether he'll come with us, but I think he'd be very foolish not to."

Concerning the report that he intended to retire from the courts and take up tournament golf, Vines said he isn't quite ready to do that yet. He'll continue to swing a racquet offener than a club so long as it pays, both in money and satisfaction.

"I'll quit tennis when I'm no longer tops," Ellie explained. "If Budge turns pro and beats me I'll retire and go in for golf just as a pastime, living on what I've saved and my salary from Wilson. I play on even terms with some of the best amateurs now. If we don't get Budge, Fred and I will go to Australia and India next winter. We could earn even more over there than touring with Don in this country, but would stay here to keep the game alive."

Like Johnny Evers and Joe Tinker, famous keystone combination of the old Chicago Cubs, Vines and Perry work in perfect harmony but don't enjoy each other's company. Ellie travels with Walter Senior in one car and Fred with Berkeley Bell in another. The Californian and the Briton stay at different hotels and meet only on the court. So everything is lovey-dovey in pro tennis except the players.

## Is 5 to 2 Favorite For Preakness Tomorrow; 11 May Face Starter

BALTIMORE (AP) — Eleven three-year-olds, one of them a filly, were entered today for the 48th running of the \$70,000 Preakness at Pimlico tomorrow. The only surprise was the entry of Bull Whip from Donald Ross's Brandywin Stable of Wilmington, Del. There was some doubt, however, whether the son of Bull Dog would answer the call to boots and saddle at approximately 1:45 (P.S.T.) tomorrow.

The list included five which trailed in the Kentucky Derby—William DuPont, Jr., Dauber, Myron Seiznick's Can't Wait, Warrin Wright's Bull Lea, Hal Price Headley's Menow and William Woodward's Fighting Fox.

Completing the field were Anafame, the filly and stablemate of Fighting Fox; A. C. Compton's Sun Egret; Townsend B. Martin's Cravat; Ral Parr's Hypocrite and Dah He, a stablemate to Menow. No jockeys were listed for Bull Whip, Dah He and Anafame.

### JOCKEYS SET

George Woolf of Cardston, Alta., and Raymond (Sonny) Workman, only former winners of the classic, will be up on Can't Wait and Menow, respectively. Woolf won with Bold Venture two years ago and Workman scored with Victorian, sire of Can't Wait, in 1928.

Jimmy Stout will pilot the Fox, Irving Anderson on Bull Lea, Maurice Peters on Dauber, Al Scheikhamer on Sun Egret and Jack Westrope on Cravat. With the prospect of fair weather and a fast track, Dauber remained the favorite with Can't Wait, Menow, Fighting Fox and Bull Lea bunched closely behind. A victory for any of the others would be strictly an upset.

If all 11 face the barrier the race will gross \$70,500—the richest three-year-old stake ever run in the United States. The winner will receive \$53,500, nearly \$8,000 more than when War Admiral won last year at the shortest odds in Preakness history—\$2.70 to 2.

The probable starters, giving the jockeys and approximate odds, follow:

Horse	Jockey	Approx. Odds
Bull Whip	George Woolf	5-2
Dauber	Raymond Workman	4-1
Can't Wait	Jimmy Stout	4-1
Bull Lea	Irving Anderson	4-1
Menow	Maurice Peters	4-1
Sun Egret	Al Scheikhamer	12-1
Cravat	Jack Westrope	20-1
Fighting Fox	Al Scheikhamer	20-1
Hypocrite	Al Scheikhamer	20-1
Dah He	Al Scheikhamer	20-1
Anafame	Al Scheikhamer	20-1

## Helen Moody In London Net Final

LONDON—Helen Willis Moody easily defeated Sheila Paterson, 6-2, 6-2, today and entered the final round of the North London tennis tournament.

The veteran Californian's rival tomorrow will be Mrs. E. S. Law, who won from Miss F. S. Ford, 6-4, 6-3 in the semi-finals.

## Cameron, Hollywood And Saanich In Wins

Score Victories As A Section Softballers Usher in Season

Senior A softball clubs ushered in their 1938 pennant chase last night on city park diamonds. It was Cameron Lumber, Hollywood Club and Saanich Construction who checked in with victories.

The lumbermen took the measure of Burns and Co., 7 to 3, while the Saanich Construction boys sneaked through with a 4 to 2 triumph over Victoria Longshoremen. The Hollywood Clubbers trounced Macdonald Electric, 11 to 5.

A four-run lead in the initial frame, secured through five costly boots on the part of the Burns club, paved the way to victory for the millhands at the Athletic Park.

Burns' batters collected seven bingles from the offerings of Tommy Johnston, mound ace for Cameron, while Eric Moir, opposing hurler, was nicked for six safeties.

Score by innings:

## A Lot of Work for a Single Run

Emil (Dutch) Leonard, left, of the Washington Senators, had a right to relax under a cooling shower after his sterling pitching performance in defeating the Cleveland Indians 1 to 0 in a 13-inning contest. Leonard gave the Tribe only six hits, without issuing a single base on balls. Right, Zeke Bonura is shown sliding home with the winning run, tearing in from third on Wright's fly to left. The catcher is Rollie Hemsey, the umpire is Quinn, while Mel Almada is the Washington player looking on. Solters' throw to the plate was perfect, but the ball took a bad hop after hitting the ground, and soared high into the air, getting to Hemsey a split second too late to nip Bonura at the plate.

## Noel MacDonald Is Star In Win

Smart Centre Scores 19 Points as Edmonton Grads Beat Chicago 42 to 26

EDMONTON (CP)—Led by Noel MacDonald, who scored 19 points, Edmonton Grads defeated Chicago All-Stars 42 to 26 here last night in the second game of the best of five series for the Underwood international women's basketball trophy. Grads also won the first game, 40 to 33. Third encounter will be played here tomorrow.

The tall centre, returning to the form of two years ago that resulted in many ranking her at the top of the basketball heap individually, tossed 11 points in the first half and added eight more in the second.

Away to a slow start, the Canadian champions were ahead 6 to 5 at the end of the first quarter, but they broke loose in the second quarter to jump the margin to 22 to 11.

Grads, who had held the trophy since it was donated in 1923, outscored the United States challengers 12 to 9 in the third quarter to lead 34 to 20 and continued the pace to score their 90th victory in games for the cup. They have lost only three times.

For the first time in the series Percy Page, Grads' famous coach, called on his two spare players, Frances Gordon and Betty Ross. The two, star members of Grads'ettes, Grads' farm team, were sent into the fray in the last few minutes. The Edmonton team was ahead 40 to 22 at the time.

The Chicago girls ran afoul of the guarding from the rear rule right from the start and at half time two of their star players, Evelyn Krubaek and Mercedes Desutter had three personal fouls against them. Krubaek was lost early in the third quarter, but Mercedes Desutter lasted the game without incurring another offense.

Etta Dann, slim Guard guard, who led her team's scorers in the first game, was held scoreless. Closely guarded throughout, she managed to get only four shots at the basket.

The Capital City and District Carpet Bowling League will hold its annual windup of activities for the year with the presentation of the Byng Shield and other cups and prizes won during the past season, at the clubhouse of the Esquimalt Carpet Bowling Club, Friday evening at 8. After the presentation there will be a card tournament followed by refreshments. Members and their friends are invited.

## Cricketers To Play Tomorrow

University School cricketers will be hosts to the Victoria Cricket Club B eleven and Five C's will meet the Albions at Beacon Hill Park in two friendly cricket matches scheduled tomorrow. Both will start at 2:30.

The Five C's line-up follows: Agar, Nixon, Petch, Hepworth, MacIvenney, G. Payne, J. Payne, P. C. Payne, Griffin, Whitehead, Attwell, E. Quinton and Rev. F. Comley.

## B.C. Team In Great Display

Touring English Footballers Go Under 3 to 0; Leave For Calgary

VANCOUVER (CP)—The world-touring Islington Corinthians left here for Calgary today with a record badly dented in a four-game British Columbia campaign.

Last night under the lights at Con Jones Park, a Vancouver all-star soccer eleven, practically the same side which held them to a 2 to 2 draw last Saturday, defeated Corinthians 3 to 0.

It was the first shutout and second defeat Corinthians had suffered in four games in British Columbia. They were humbled 3 to 2 at Nanaimo Monday and gained their only B.C. victory against Victoria, 6 to 3, Wednesday.

The London amateurs, who began their tour last October and have since played 81 games, losing only five, including their two latest setbacks, are scheduled to play at Calgary Saturday. From there they will continue their exhibitions across the Dominion as far as Montreal.

All-stars, their form much improved from the first game, were ahead 2 to 0 at the half-time on goals by Jimmy Spencer, and Hap Smith. Johnny Webber added the third marker, as the second half began, to cinch the game.

Corinthians, apparently travel-weary, lacked the snap they showed in the first Vancouver game, and their tricky passing plays failed to click around the Vancouver net.

Jimmy Spencer knocked in the first Vancouver counter on a perfect centre from Alex Christie on the left wing. Cyril Longman, Corinthian goalie, was caught out of position by Spencer's hard drive.

Shortly before half time Spencer centred the ball from a Vancouver attack down the left wing and Hap Smith's long curling shot beat Longman for the second time.

The third goal came four minutes old. Dave Brown's drive was knocked out by Longman, but the goalie fell in clearing and Johnny Webber tapped the ball in from the clear.

Stronge was called on during the remainder of the game to make sensational saves as Islington tried hard to avoid a shutout.

Line-ups:  
Corinthians—C. Longman; P. Park, A. Buchanan; E. Martin, E. Whittaker, K. Wright; J. Miller, W. Miller, J. Sherwood, L. Bradbury, J. Braithwaite.

Vancouver—Stan Stronge; Tommy McKibbin, Fred Easley; Jimmy Gemmell, Lee Morley, Murray West; Alex Christie, Jimmy Spencer, Hap Smith, Johnny Webber, Dave Brown.

Summer Tourney At Victoria Club

Semi-monthly greensome competitions will be held at the Victoria Golf Club during the summer months on the first and third Wednesdays, commencing June 1.

The competitions will start after 5 over nine holes and one-quarter of the combined handicaps allowed. Supper in the clubhouse will follow. Players will select their partners, arrange for their opponents and starting times. Post entries will be accepted.

It has been decided to hold three extra monthly competitions, medal and par alternating, on June 12, July 17 and August 14. Players will choose their opponents, arrange for starting times and make post entries.

BASEBALL WORKOUT

Victoria Baseball Club will hold a workout this evening at the Athletic Park at 6. All players are asked to attend.

### Veteran of U.S. West Passes Away

HOUSTON, Tex. (AP)—Joe W.

Hutt, 88, who sat in on a few hands of stud and draw with Wild Bill Hickok and knew Calamity Jane as the demure sweetheart of bull-whackers, mule-skinner and the boys who built the Union Pacific Railroad, came to the end of the trail yesterday.

He died in a hospital far from the scenes of the rip-roaring west that he knew and loved in his younger days.

Before he died the plainsman recalled Calamity Jane.

"She was in Platte City, Neb., in 1871 and '72," he said. "Her real name was Martha Jane Canary, and she was a fine looking gal, but she never was a gunwoman. In fact I doubt if she could shoot a gun."

The buffalo hunter admired Sitting Bull and camped near him in the winter of 1875-76 while the Sioux medicine man and chief was preparing for the campaign that ended so disastrously for Gen. C. A. Custer and his men at the Little Big Horn.

### SAANICH REPLY ON POLLUTION

Unsanitary Gorge Conditions Emanate in City, Says Medical Officer

There is absolutely nothing emanating from Saanich Municipality which would render the waters of the Gorge unsafe during the summer months for bathing, in the opinion of Dr. David Berman, medical health officer for the municipality, who has replied to the city's claim that Saanich drainage pollutes the popular bathing resort.

In a lengthy letter to the City Council and members of the provincial government for Victoria and Saanich, Dr. Berman has given in full Saanich's reply to the city's criticism, compiled after making a complete inspection of the drainage on instructions from municipal authorities.

In part, Dr. Berman's letter says "The creek to which reference is made as discharging sewage into the Gorge is a natural watercourse draining a considerable area. During the rainy season a large volume of water flows along this creek and is discharged into the Gorge."

"There is no question that this discharge does contain a small amount of effluent from septic tanks after such effluent has passed through the filter beds. However, we must not lose sight of the fact that during the summer season, when the Gorge is used extensively as a bathing beach, the roadside drainage ditches are dry and that the aforementioned creek is either entirely or practically dry, so being eliminated as a source of dangerous pollution."

"A more extensive survey of the city's waterfrontage from the Saanich boundary shows that not only a sewer, but that practically all industrial plants, discharge raw sewage from hundreds of men into the waters of the harbor with no preliminary treatment. Furthermore, there are many houseboats on both sides of the harbor used as permanent residences. The strong tidal currents in the narrow harbor carry dangerous, and frequently visible, pollution far into the Gorge area."

"In my opinion there is absolutely nothing emanating from Saanich Municipality which would render the waters of the Gorge unsafe during the summer bathing season, but it is certainly essential that steps be taken to remove the dangerous causes of pollution which exist in the City of Victoria."

"In conclusion, I wish to draw to your attention the fact that in the past 10 years no single case of water-borne infection traced to the Gorge bathing beach has been reported to me."

### Saanich Seeks Juvenile Court

Creation of a juvenile court in Saanich was recommended to the Attorney General by the Saanich Police Commission yesterday. The recommendation has been under consideration by the commission for some time, as it was felt the need existed to mete justice to juvenile offenders. The commission suggested Magistrate Henry Hall should preside over the court.

Other business of the meeting included the receiving of March and April reports from Chief Josiah Bull.

### Saanich Council Briefs

Members of the council accepted an invitation from the Esquimalt Council to attend the Esquimalt school sports at Fitzherbert Bullen Park on May 23.

The council referred to the police commission for proper legal action the complaint of a nuisance reported by 32 petitioners of the district around Forrest Street, Foul Bay Road and Cook Street. The petitioners complained of cows being permitted to run loose in vacant lots adjacent to their homes.

Summer hours for the municipal office staff were instituted by the council. On week days the hours will be 8.30 to 4.30, instead of 9 to 5, and on Saturdays the office will close at noon instead of 1. The schedule will begin next Monday.

## QUESTIONS ON ANGUS SPEECH

Rowell Board Member Not Talking Officially on Orientals, M.P.'s Told

OTTAWA (CP) — Speeches made by Professor H. F. Angus, a member of the Rowell Commission, referring to the Oriental question in British Columbia drew a complaint from A. W. Neill, Independent, Comox-Alberni, in the House of Commons Thursday.

He asked if the Prime Minister would consider removing Mr. Angus from the commission in order that the confidence of the people of British Columbia in the commission might be restored.

Prime Minister King said he had received a complaint about a speech made by Professor Angus before a medical association in Toronto and had communicated with the commissioner. He understood Professor Angus had been speaking as a private individual and not as a member of the commission, and in any event the matter referred to did not come within the scope of the commission's inquiry.

## West Profitable For Jewelers

Stores West of Manitoba Do One-third of Business in Canada

Jewelers of the west are the most prosperous of any in Canada, according to A. J. Roden, president of the Canadian Jewelers' Association, who is in Victoria during a trip to the Pacific Coast for the purpose of visiting members of the association. He bases his statement on Ottawa figures

A. J. RODEN

showing that more than 26 per cent of Canadian jewelry stores are located from Manitoba westward and that such stores do more than 33 per cent of the entire Canadian business.

This is a very high ratio, says Mr. Roden, who believes that even though individual sales figures may rise and fall, the general range of business indicates a larger and more prosperous volume for western jewelers than for those in other parts of Canada.

Local jewelry dealers will meet this evening at Speedie's Cafe to greet their president and discuss matters relating to their trade.

With Mr. Roden on his trip is Norman J. Leach, secretary-treasurer of the association and managing editor of The Trader and Canadian Jeweler, a magazine published in the interests of the jewelry industry.

## ASKS FOR PROOF

To the Editor:—It has come to the notice of the executive, Relief Project Workers' Union, that the Young Citizens' League has issued a two-page bulletin saying that the Relief Project Workers' Union is controlled by the Communist Party. This bulletin is signed by Peter George Hartnell, president, Young Citizens' League. The executive of the Relief Project Workers' Union wish to point out to the public that the union is a democratic organization, and not controlled by any party. The executive of the Relief Project Workers' Union would like Peter George Hartnell to prove his statements.

## ANOTHER TAX PROPOSED

To the Editor:—A short time since, I heard a broadcast outlining a plan which did not seem impossible of realization. It was to the effect that if we had a small tax of one cent, or half a cent, on every dollar spent in stores, hotels, restaurants, this would give an annuity of approximately \$50 per month to every person over 60 years of age who had lived in Canada 10 years, the cheque to become valueless after the end of each month. This would greatly increase trade, give employment to many now out of work, and would impoverish no one.

The desire for Fascism and revolution, owing to poverty and unemployment, is spreading rapidly in eastern Canada.

E. NICOL.

## VIVA CRISTO REY

To the Editor:—We have now had nearly 2,000 years of empty Christian preaching (effective real Christian co-operation is needed) and now all the Christian nations are feverishly preparing day and night for a bigger and more frightful war than the last world war, when the killed and wounded amounted to over 20 millions. The next war will be on women and children also.

Civilized, honest, unselfish co-operation of all for the good of all is the only ideal which can prevent the destruction of our so-called civilization. This, however, does not mean my property rights first, my country right or wrong. The point now is we are intelligent and civilized enough to save ourselves by being reasonable human beings?

The last world war was not a huge success for anybody. It is clear that it will pay us better to work intelligently and honestly for co-operative peace and democracy. Very, very soon we shall have no choice in the matter.

CHARLES WALKDEN.

## MUSICAL COMPETITION

To the Editor:—To the man on the street the attitude of our local educators is weird and strange. In the face of overwhelming evidence to the contrary, they set themselves up as judges on musical education over the heads of trained talent, probably the best judges of the subject in the world.

Great Britain, in a musical sense, is not a great musical country compared to Italy or Germany, but she has advanced by leaps and bounds the last 50 years. Her Yorkshire and Welsh choirs and bands are known the world over for their rendering of oratorios and other first-class music. It is quite safe to say that their success has been due largely to their competitive efforts. The judging of bands and choirs is sometimes so difficult that it takes days to decide the issue—and yet, according to the talent of British Columbia the leaders of musical education in Europe are fools and not on to their jobs. This savors of egotism gone mad.

I note in the press the defence of our educators against the remarks of the adjudicator. They accuse the unfortunate man of having no mental eugene or physiological tendencies for which he may be congratulated. The rest

of their defence is columns of words, saying nothing, and apparently only written to mystify and give the impression of great latent wisdom. The charge that children waste their time preparing for the competitive festivals is silly. How can one waste time by trying to excel?

## THE HITLER PHILOSOPHY

To the Editor:—On May 1, beside a huge maypole, cut from an Austrian forest, stood Chancellor Hitler. His audience was the might and power of Germany. What a setting and what a grand opportunity was his to speak words of wisdom and comfort, not only to his own people but to a troubled world as well. What did he say?

"Limited in area, numerous in population, surrounded by enemies, our struggle is much more difficult than that of other people." In the next breath: "While other nations are struggling with unemployment, Germany worries about getting sufficient workers for all tasks." (If Hitler be short of workers now, what will he do after fighting Russia and losing a few million brown-shirts in the struggle?) He further stated: "Nations are coming round to the Nazi point of view as regards capital and labor."

This last is too much to be swallowed by anyone except a brown-shirter. The world knows that the "Nazi point of view" was forced upon Germany by a great crime committed by the Nazis themselves. Who burned Germany's beautiful old parliament buildings and blamed the Socialists to create a Communist scare? Who made bonfires of whole libraries, containing writings of men who suffered and died for liberal beliefs? Who murdered in cold blood the people's honest leaders betrayed by Hitler, and who made his leadership possible?

Such was the stream of events giving Hitler power to menace the world, and yet, is he not the natural product of a cruel, unjust peace, forced upon a great people by what we call "democracy"?

## NANAIMO BOY SOLO WINNER

Douglas Kirkham Wins Baritone Class in B.C. Festival

VANCOUVER (CP) — Honors in the final class 60, baritone solo, fell to Douglas Kirkham, Nanaimo, for his excellent singing of Eric Thima's "Silent Noon" and "Like to a Damask Rose" by Elgar, at the British Columbia Musical Festival here last night.

Adjudicating this class in the finals, Stewart Wilson, while criticizing some points of young Kirkham's singing, commended him for the excellence of his attack, his good tempo and the clarity of his words. He was awarded 172 marks in the aggregate, preliminary and final.

In the class 44, ladies' duets, Jean Morrison and Catherine Denison, Victoria team, entered but did not sing. The award therefore fell to two Vancouver teams, Pearl Cox and Annie Duncan and Constance M. Wilson and Fronie B. Evers, with 86 and 85 marks respectively.

## Germany Will Not Participate in New York's 1939 Fair

By RODNEY DUTCHER

WASHINGTON. REPORTS that the German embassy had notified the State Department that she wouldn't participate in the New York World's Fair because of "financial difficulties" are greeted in Washington with amusement, mingled with little or no pain.

At first it was supposed that Herr Hitler might be trying to retaliate for the refusal of Secretary Ickes to let Germany buy American helium. The idea that a nation which spends vast sums for armaments, foreign invasions and propaganda campaigns all over the world could not afford an exhibit at the New York fair was too absurd to be taken seriously.

But now the word is getting around that the Nazis just didn't trust the citizens of New York City. It seems there are too many Jews there. The nature of Nazi Jew-baiting is no secret and even turns the average Aryan stomach in other lands.

There was every reason to believe that any beautiful white facades of buildings which the Germans might erect at the fair would soon be found decorated by adhering portions of decayed tomatoes, squashes and similar material. A large force of outlying guards might have prevented such a catastrophe, but the Germans may have remembered that Mayor LaGuardia, who himself has cast a few verbal tomatoes at Hitler, is boss of New York cops.

This explanation of German coyness is unofficial but is being commonly accepted.

## MAN TO WATCH

Securities Exchange Commissioner John W. Hanes, who lined up 16 big business men to sign a qualified pledge of co-operation with the government in its recovery program, came here from Wall Street and rapidly is becoming the outstanding liaison man between Wall Street and Washington.

Thus far, at least, Hanes has inspired more confidence in himself among members of the administration's liberal wing than ever did Ambassador Joe Kennedy or RFC Chairman Jesse Jones, two of the New Deal's most conservative big shots.

Hanes comes from Winston-Salem, N.C., where his brother is a prominent banker and business man. He made a spectacular success in Wall Street after starting practically from scratch and became senior partner in one of Wall Street's biggest firms. His attitude toward securities market reforms, more liberal than that of most Wall Streeters, plus his recognized ability, caused his recent appointment to SEC.

He is a sandy-haired, red-faced man of medium height who dresses well and is easy to like. His future ambition is to become a senator from North Carolina. Don't be surprised if he is promoted to a bigger administration job before the end of the year.

## SPENDING OPPOSITION

The latest appeal for funds by the National Committee to Uphold Constitutional Government—which helped defeat the Sunnime Court plan, the wage-hour bill and the government reorganization bill—indicates that the organization will oppose the administration's proposed spending-lending recovery measures.

Chairman Frank E. Gannett claims that the "pump-priming" theory was brought to the White House by J. Maynard Keynes, the radical English economist. "It is high time," wrote Gannett, "for the people to put a stop to futile pump-priming and lump-sum appropriations to be spent as the President chooses."

Conservative senators already are in huddles planning opposition to certain phases at least of the administration program.

## FAMILY STORY AT DOMINION

Splendid Cast Seen in "Judge Hardy's Children" Here Today

Lewis Stone, Mickey Rooney, Cecilia Parker and Fay Holden again unite as the interesting family for the third of the "Judge Hardy Family" series, now playing at the Dominion Theatre. This one is "Judge Hardy's Children," a sequel to "You're Only Young Once," which takes the family from the little country town of Carvel, to Washington, where the judge is named on a power commission.

Kay Van Ripper's intimate screen play of family life, with its touches of comedy interest, was directed by George Seitz, who has piloted the series since its beginning with "A Family Affair."

## Popular Stars At The Atlas

Claudette Colbert and Gary Cooper Appear in "Bluebeard's Eighth Wife"

Claudette Colbert and Gary Cooper form a brilliant new comedy team, while the direction of Ernst Lubitsch brings out the punch of the French background, in "Bluebeard's Eighth Wife," the picture of life among Europe's smart set, which Paramount presented today at the Atlas Theatre.

The story, adapted from the famous play of Alfred Savoir, tells about a much-married American multi-millionaire who is subdued and put into a strait-jacket by his eighth wife, whom he marries for a new thrill. Miss Colbert is the same flip, ingenious girl who made screen history in last year's "I Met Him in Paris." Cooper, as the philandering American, plays opposite her in a role that fits him down to the last stripe on his last pyjama.

## Inferiority Complex? Don't Be Shy About It

By RUTH MILLETT

"INFERIORITY complex" is a dangerous term to have around. When psychologists handed us that dose they should have labeled it "Poison." And then we would have known enough to use it with discretion.

But instead we didn't see the danger and we have used "inferiority complex" with such over-indulgence that it has probably done more harm than good.

Once upon a time a shy person was just a shy person. It didn't bother him very much, or seem to get in anyone else's hair. In fact, he was a nice fellow to have around—because he was always willing to listen. No, more than that, he seemed thankful to be able to listen. And he was a boy who quietly got things done.

Now the poor boy is miserable. He's not just shy—he has an inferiority complex. And what is more, the whole world knows it. Every time he picks up a magazine he sees some gracious offer to help him overcome his greasy handicap. A natural handicap upon which fortunes are being made.

One man offers (for \$84) to help him rid himself of this terrible handicap, by teaching him to stand up on a platform and talk about himself. Strangely enough, he is the same man who wrote a best-seller about listening instead of talking. (And now he doesn't guarantee when he takes the \$84 that anyone will want to listen, once a student gets the nerve to stand up and talk.)

Nor does he acknowledge that most of the trouble humans get into is caused by talking too much.

About the only thing we have to say to the person who has been humbled by the knowledge that he has a fearful inferiority complex is "Fine."

For all nice people—the kind you want for friends—have inferiority complexes. In most cases it is nothing more than recognizing their very real limitations. And a feeling of hesitancy about saying nothing when they have nothing to say.

### Science in Detective Work

#### V—THE LIE DETECTOR

In recent years science has given police officers a new weapon to fight against crime. It is a machine which helps to prove whether or not a person is guilty when he is accused of breaking the law. One purpose is to find out who committed the crime, but another purpose is to save those who are innocent from being punished.

Making a lie detector test.

Scientists call the machine a "polygraph," but the popular name is "lie detector." A person finds it hard, if not impossible, to tell a lie without being found out.

The most famous lie detector is the type brought forth at Northwestern University. A rubber tube is placed around the chest of the person being tested. This leads to a stylus, which makes a record of the breathing. Another tube leads to a "cuff" of the kind commonly used in testing blood pressure. This tube also makes a pen work and supplies a record of the heart beat and blood pressure while the test is going on.

"Did you eat breakfast this morning?" asks the examiner. "Yes," the man replies. "Is your first name George?" "Yes."

Then follows other questions, some not so easy. If he is asked whether he took money from the cash register of his employer, there may be big changes in the records made by the pens—at least, if he says he didn't when he really did.

Several thousand tests have been made on the Northwestern lie detector. As a result many persons have confessed to taking money which did not belong to them.

As time goes on, the use of the lie detector may become as widespread as the use of fingerprints.

A good place to use the lie detector would be for witnesses in court who have sworn to tell "the truth, the whole truth, and nothing but the truth."

There are two good reasons to find out who has been guilty of a crime. One is to show that persons who commit crimes are punished. The other is to keep the public from danger of other crimes by the same wrong-doer.

Great numbers of convicts have brains of low power. They may not be feeble-minded, but they are dull-witted, and there is no telling when they might commit the same sort of crime over again. Others have an insane streak in them, and are dangerous when they grow angry. Still others are bitter because of some real or fancied wrong done to them. They forget that it is foolish "to take the law in one's own hands."

Now and then we may hear that such and such a criminal is "smart," but is any man really smart if he follows a life of crime? Time and again he may escape officers of the law, but how can he be happy when he is a hunted man? Always he has the fear that he will be caught, and he cannot have peace when he rests his head on a pillow at night.

UNCLE RAY.

### HOROSCOPE

"The stars incline, but do not compel."

SATURDAY, MAY 14, 1938

Threatening aspects dominate today, according to astrology. The stars are ill-omened for men who wield authority. There may be sudden changes of public opinion unfavorable to government heads.

Labor comes under a slightly better direction than it has had, but it may retard important business plans. Legal interference is indicated where employers are hostile to workers.

Prosperity for a small minority is prognosticated through 1938. New fortunes will be acquired. Extremes in American incomes will mark the period in which the middle class will continue to decrease.

Persons whose birthdate it is have the augury of a year of certain perplexities that may be decided by wise procedure. Men may lose business associates and deaths may change family incomes.

Children born on this day probably will be precocious and extremely well-balanced. Subjects of this sign usually are proud of their ability to succeed.

## Dorothy Dix's Letter Box

DEAR DOROTHY DIX—I got married about a week ago and have had nothing but trouble since. My husband and I get along perfectly together, but my family reproach me bitterly because I want my own home and refuse to live with them. They say I am not treating them right by leaving them, and that some day I will be sorry for the way I have done. When I go to see them they spend the time telling me how lonely they are without me, how ungrateful I am to have gone away, and when I get ready to leave they start to cry, and it makes me feel terrible. But I want my own home, and I know that my father and husband would never get along together. Is there any way I can make them see my point of view? We have always been such good pals that I can't bear to hurt them. Won't you please help me?

A LITTLE BRIDE.

Answer: All that I can recommend is for you to have your family's heads examined for the sillies, for they certainly must be singularly lacking in common sense to be making a tragedy out of something that should be a matter of rejoicing. They are bound to know that the greatest good fortune that can befall a girl is to marry the man she loves and set up her own home. So why all the lamentations and reproaches and weeps? It is an occasion for getting out the cymbals instead of fletching out the tear jugs.

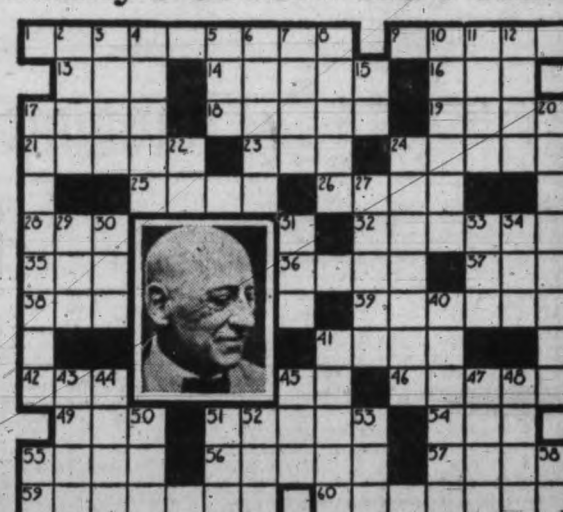

Your father and mother married and left their parents and went about the business of life for themselves. Remind them of that little fact and ask them if they consider that they showed that they were mean, ungrateful, unappreciative children by so doing. Ask them if they think that grown-up children should never leave papa and mamma and should never have any lives of their own.

Ask them if they do not think that they are very selfish in wanting to keep you from following two normal human impulses, one of which is to be alone with your man instead of being in the bosom of your family, and the other is to build your own nest. It is nobody's idea of a honeymoon to spend it under the critical eyes of mamma and papa and little sister and little brother. Every woman remembers the pride and joy she had in fixing up her first home and being able to have just the kind of curtains and dishes she wanted instead of the kind that Mother preferred.

Your people are more than selfish. They are positively lacking in all sympathy and understanding when they spoil what should be the happiest time of your life by their reproaches about your leaving them.

## Will Hunt Big Game in Alaska

WINNIPEG — En route to Juneau, Alaska, where they will spend the next month big game hunting, Kirkland D. Marter, accompanied by his two sons, Bud and Walter, left for the west this morning over Canadian National Railway lines. Mr. Marter lives in Philadelphia and after a short stay in Jasper, will proceed to Prince Rupert where the party will board a steamer for the north.

Mr. Marter has been interested in big game hunting for many years. During his short stop over in Winnipeg he stated he had brought down a specimen of practically every type of big game on the North American continent except the Kodiak bear which lives in the Alaskan country. The Kodiak is the largest type of bear on the continent. Not all the time will be spent in hunting with the rifle as Mr. Marter and his two sons are expert photographers. They have with them several cameras, including a movie outfit and hope to be able to bring back a series of interesting game pictures after their month of holiday in the northwest section of this continent.

## HAPPY VALLEY

A 500 card party will be held Saturday evening in Lutton Hall at 8 under the auspices of the Lutton and Happy Valley Women's Institute.

Mrs. J. Trace presided at the monthly meeting of the Lutton and Happy Valley Women's Institute Tuesday evening. Plans were made to co-operate with the two neighboring institutes in the summer flower show early in August. Mrs. M. A. Morrow was appointed convener from the Lutton and Happy Valley Women's Institute.

It was decided to co-operate with the Esquimalt Rural Nursing Service for Health Day, June 3.

The monthly meeting of the Happy Valley Parent-Teachers' Association will be held next Tuesday evening in the school.

## HOLIDAY TRIPS ARE ARRANGED

B.C. People Have Choice of Many Trips For May 24 Holiday

Special excursions and reduced fares between practically all principal points covered by the well-known vessels of the B.C. Coast steamships, indicates that Victoria Day, May 24, will be one of the largest "opening summer" travel days that British Columbia people have enjoyed for some years.

A special schedule covering the entire day's sailings has just been released by the Canadian Pacific, showing that a one-day excursion to Victoria and another to Nanaimo, are the chief offers for Vancouverites, while island residents have the opportunity of a day excursion from Victoria to Seattle. In addition, extra services between Vancouver and Nanaimo and return will give added stimulus to gulf traffic.

The Princess Marguerite has been selected to handle the day trip from Vancouver to Victoria, leaving Vancouver at 8:30 a.m., May 24, and arriving back at Pier D about 10:15 p.m.

The schedule between Vancouver and Nanaimo for the holiday will be: Leaving Vancouver, Princess Joan 9 a.m.; Princess Elaine 11 a.m., 5:45 p.m. and 11:30 p.m. From Nanaimo the Elaine at 7:45 a.m., 2:30 p.m. and Princess Joan at 7 p.m. and the Elaine again at 8:45 p.m.

On Saturday, May 21, in addition to regular service to Nanaimo, the Princess Elizabeth will make a special trip, leaving Vancouver at 2 p.m. and returning from Nanaimo at 5:45 p.m.

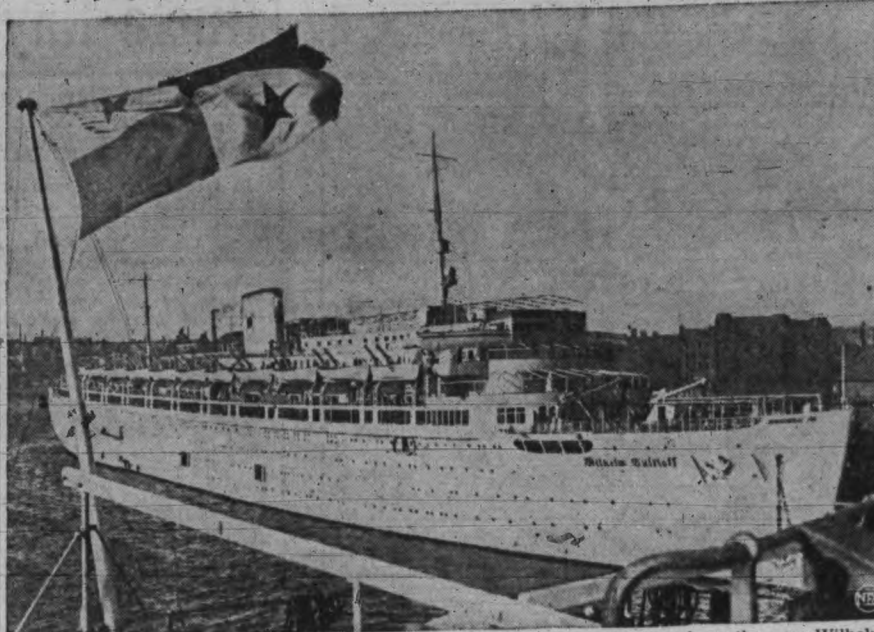

The special day excursion between Victoria and Seattle will be handled by the Princess Elizabeth, leaving the Capital City at 9 a.m. and reaching Victoria that night about 10 p.m., thus allowing three hours ashore at the American port.

Although not officially opened until next month, Newcastle Island will be visited by 1,600 members of the Greater Vancouver Young People's Union, who will hold their annual picnic at the gulf resort. They will leave Vancouver via the Princess Louise at 8:30 a.m. and in the Princess Joan at 9 a.m.

Behaving shrimps has revolutionized the shipping of this popular seafood to distant markets; because headless shrimp weigh much less in shipment.

A Viennese professor tried to introduce soy beans from China and Japan into Austria-Hungary, as early as 1876.

## "Joy Cruiser" Believed Also Plane Carrier

German workers will get free trips this summer in German cruise ships, such as the new Wilhelm Gustloff, forerunner of a fleet of 20 being built by the Reich to bring Nazi citizens "strength through joy." But aerial photographs of the 25,000-ton vessel, showing an unusually long upper deck, obstructed only by a single funnel, have given rise to speculation in England on whether it might not be really intended as an airplane carrier. Modified for war service, the boat could accommodate approximately 35 planes.

## Port of Tacoma Is Open After Strike

Ss. Timber Rush Is First Ship to Sail From Port After Trouble Ends

TACOMA (AP)—The Shepard Line freighter Timber Rush, focal point in Tacoma's waterfront dispute, sailed from the harbor here early today.

The Tacoma harbor master said he was not immediately informed of the ship's destination.

Employees of the Milwaukee Dock, where the Timber Rush had been tied up and picketed three weeks, said she sailed without interference from the Sailors' Union Pacific pickets today. The picket line had prevented loading of the ship by longshoremen who refused to pass it.

Sailing of the Timber Rush was coincident with official opening of the port. The opening, however, was for the time being only theoretical, since there were no ships in the harbor other than the Timber Rush and none scheduled to arrive in the near future.

C. E. Baker, representative of the Seattle Waterfront Employers' Association here, said the International Longshoremen's Association headquarters had been notified the port was officially open under a waterfront truce.

Baker added, however, that difficulties at Seattle might result in the sudden transfer of some ships here, possibly later today.

## CANOEIST FACES CHARGE

MOOREHOUSE (CP)—Claridge Moorehouse, who arrived here recently after a five-week voyage in a dug-out canoe from the west coast of Vancouver Island, today was held by Vancouver police, charged with obtaining money and goods by false pretences.

The former Digby engineer was arrested on a warrant issued in 1936, but not served at the time.

Moorehouse landed at nearby Point Atkinson Sunday after the voyage in a 15-foot canoe from Zeballos, Vancouver Island mining community. His wife and infant daughter accompanied him on the trip.

He will appear before Magistrate H. S. Wood in police court.

## FARM AID TO 405,000 GIVEN

Dominion Report Shows 86.7 Per Cent of Total Are in Saskatchewan

OTTAWA (CP)—Agricultural material aid was distributed to 90,000 Canadian resident farm operators and their 315,000 dependents during March, according to a preliminary report released today by the Department of Labor. Of the total, 86.7 per cent or 351,000 were located in Saskatchewan, where the number of all classes dependent on agricultural aid showed an increase of 95.5 per cent compared with March, 1937.

Persons receiving material aid, although they were fully employable, totaled 176,000; a decrease of 32 per cent compared with the 259,480 in March last year. In February, 1938, the figure was 6 per cent lower.

The total number of persons receiving non-agricultural material aid, including totally unemployable, partially employable, and fully employable and dependents of family heads, was 657,000 in March. In March, 1937, the number was 25.2 per cent higher.

## TRAFFIC DEATHS INCREASE

LONDON (CP-Havas) — Highway accidents in Great Britain resulted in 508 deaths last month, as compared with 463 deaths in April, 1937, according to statistics published Thursday. In London alone more than 500,000 persons have been killed or injured in street accidents during the last 10 years, says the report.

Gentle honey bees as a rule produce more honey than vicious hybrid honey bees.

## C.P.R. GROUP TO HOLD MEETING

Officials From Purchasing and Accounting Departments Gather

VANCOUVER — A three-day annual meeting of officials of the Canadian Pacific Railways stores, purchasing and accounting departments from principal cities between Victoria and Halifax, will get underway at the Hotel Vancouver on Monday morning.

More than 30 representatives of these departments will reach Vancouver Sunday morning, to be met by officials here including S. V. T. Jeffery, purchasing agent, J. Arnott, assistant, and A. Latta, lumber buyer.

Responsible for the purchasing and distribution of hundreds of millions of dollars of foods, supplies and equipment yearly, they will plan and discuss towards a closer co-ordination of the system and the introduction of newer methods.

The meeting will be under the chairmanship of Thomas Fawcett, general storekeeper from Montreal, and will be attended by John Eaton and A. Rutledge, assistants to the general purchasing agent, Montreal; T. A. Donovan, Saint John; O. Slater, Quebec; W. E. Wilford, Toronto; E. C. P. Cushing, Winnipeg and formerly of Vancouver, and J. White, Calgary, all of whom are purchasing agents; R. L. Lowe, commissary agent, Sarnia; W. Bell, assistant purchasing agent, Victoria; J. H. Reeder, general agent, Montreal; A. S. MacDonald, assistant general storekeeper, Montreal; F. G. Bannister, assistant general storekeeper, Winnipeg; George Drever, stores inspector, Winnipeg; W. J. Coe, district storekeeper, Calgary; I. G. Trudel, district storekeeper, Winnipeg, formerly of Victoria; George Hall, storekeeper, Winnipeg, and Frank Skinner, general accountant at Montreal.

## Radio Penalty Plan Opposed

License Clauses Too Harsh, Say Some M.P.'s; Minister Reconsiders Them

OTTAWA (CP) — It will be difficult for radio owners to evade payment of license fees under legislation now before the Commons unless the sharp criticism directed at it in the House yesterday causes some amendments rendering it more lenient.

Hon. C. D. Howe, Minister of Transport, was under fire because of clauses which would make it possible for a collector to obtain search warrants from a justice of the peace where he suspected an unlicensed radio was being concealed, and which would place the onus on the householder to prove his innocence.

Led by Hon. J. Earl Lawson, South York, Ont., a number of members of different political leanings argued these clauses were too harsh and that they would create fresh offences, the penalties for which were out of proportion.

Mr. Howe said he would reconsider those clauses which presumed that if a radio was owned it was being used and that the onus would be on the owner to prove it was not being used. In practice no prosecutions were started unless the collector was satisfied the unlicensed set was in use, he said.

A few years ago in the Windsor, Ont., case of the King versus Gignac the government had lost because at that time the onus was on the government to prove the unlicensed radio was being operated, he said. Other than placing the onus of proof on the owner, the regulations were the same as those used by the Conservative government.

Mr. Howe said only the fear of prosecution enabled the department to collect radio license fees to the extent it was doing at present. Collections were still far from 100 per cent.

## EXPLANATIONS NEEDED

HALIFAX (CP) — A radio commentator could not "give a statement of news which has already appeared in newspapers, to any advantage unless he gives an explanation of such news," J. W. Godfrey, Halifax, a governor of the Canadian Broadcasting Corporation, told a service club here Thursday.

Physical Instructor Loses Use of Limbs

If rheumatism is crippling your limbs, and making life miserable for you, read how this man obtained relief from the same trouble.

"I am a swimming and physical instructor. Early this year I had violent, stabbing pains in my legs from the hips to the big toe. In the mornings I could not walk for three or four hours. Massage oil, pills, etc., did me no good. Someone begged me to take Kruschen Salts. In despair I got a bottle. After I had taken three parts of the contents, I was as fit as ever, except for a little stiffness of the joints, while in general health I was far better. Kruschen has put me on my feet again." — H.L.S.

Rheumatic aches and pains are often caused by the accumulation of too much uric acid in the system. Keep down the excess of uric acid, and it stands to reason you'll get glorious relief. That is just what Kruschen Salts does — brings quick relief from the cutting, stabbing pains of rheumatism, because it actually rid your blood of excess uric acid.
